

The SW update procedure – V1 Viper I /24.09.2014

The software update advantages are:

the update of the operating system from *Android 4.2.2 Jelly Bean* to *Android 4.4.2 KitKat*;

- improved processing speed;
- fixing some minor bugs;
- a new interface for the quick settings menu;
- a newer interface for the Settings app;
- an improved widget for RAM memory optimization;
- adding some new apps. like: *Facebook, Sygic etc.*
- an app for a more efficient resources management (memory cleaning, power optimizer, traffic monitoring, managing apps).

ATTENTION! The phone must be **fully charged** when initializing the procedure.

ATTENTION! Please do not stop under any circumstance the update operation.

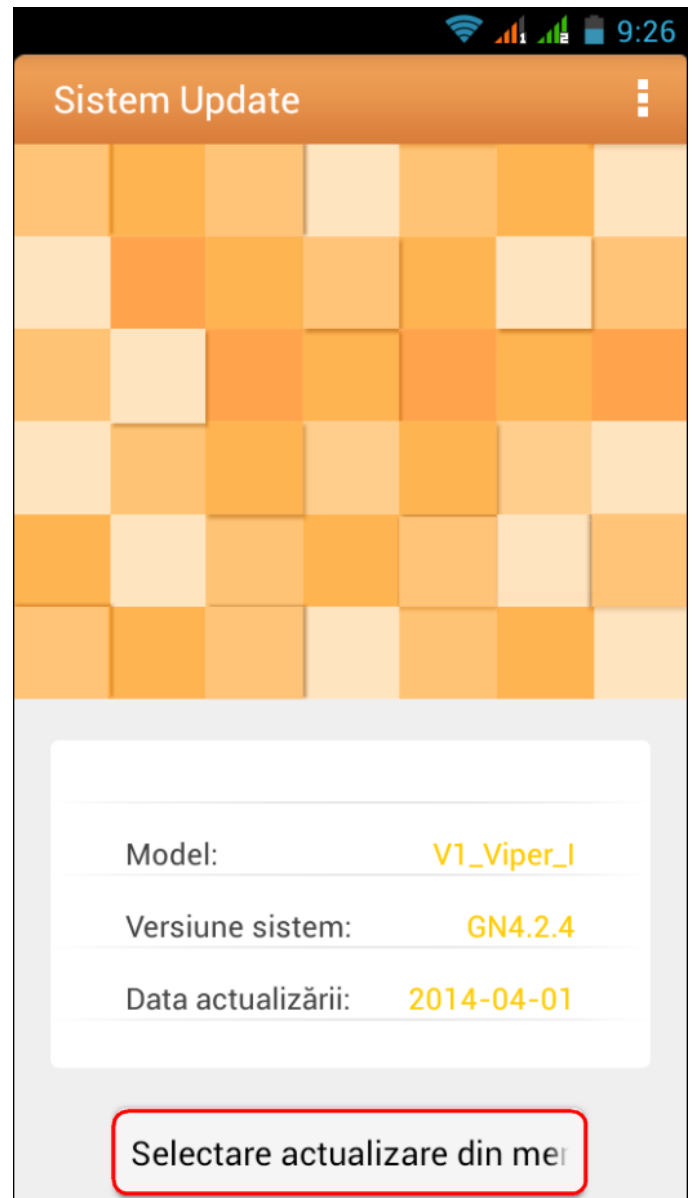

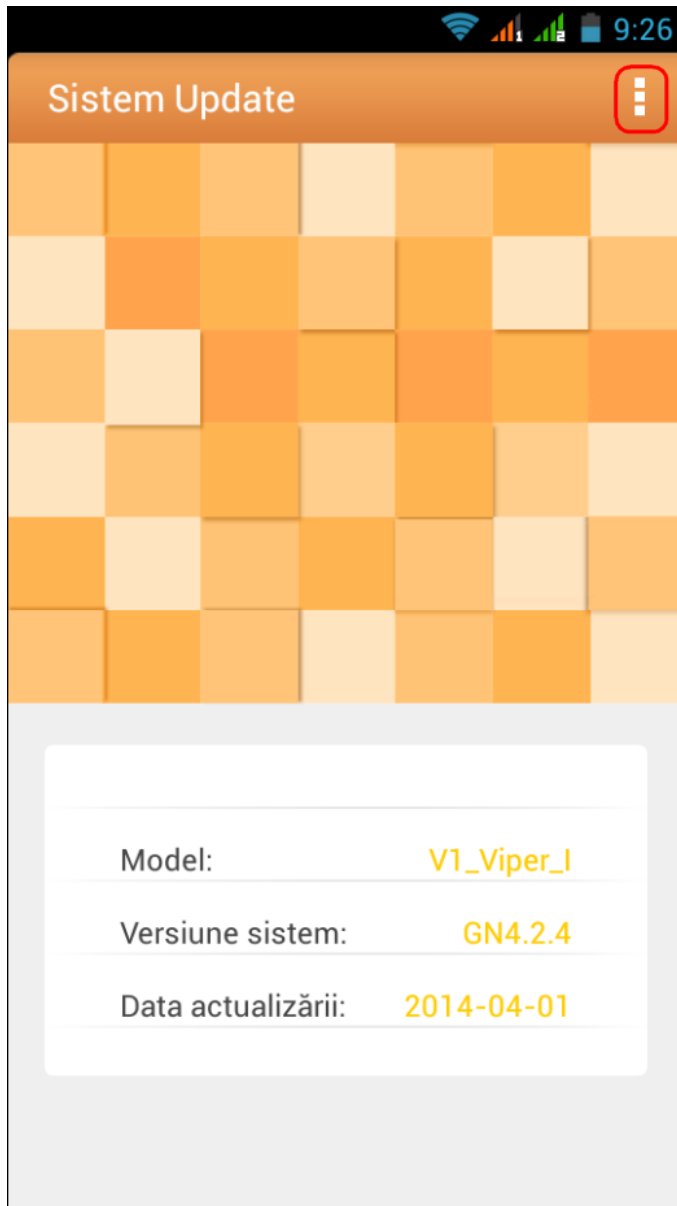

The software update is an operation which is realised on own responsibility by following the steps below.

To upgrade your **Allview V1 Viper I** smartphone's software version, it is necessary to perform the next steps:

1. Download the **"Update_V1_Viper_I_24.09.2014.zip"** archive on a desktop PC or a laptop.
2. Copy the archive **"Update_V1_Viper_I_24.09.2014.zip"** in the internal storage or on a SD card.
3. Start the phone and open the **System Update** app from the apps menu:

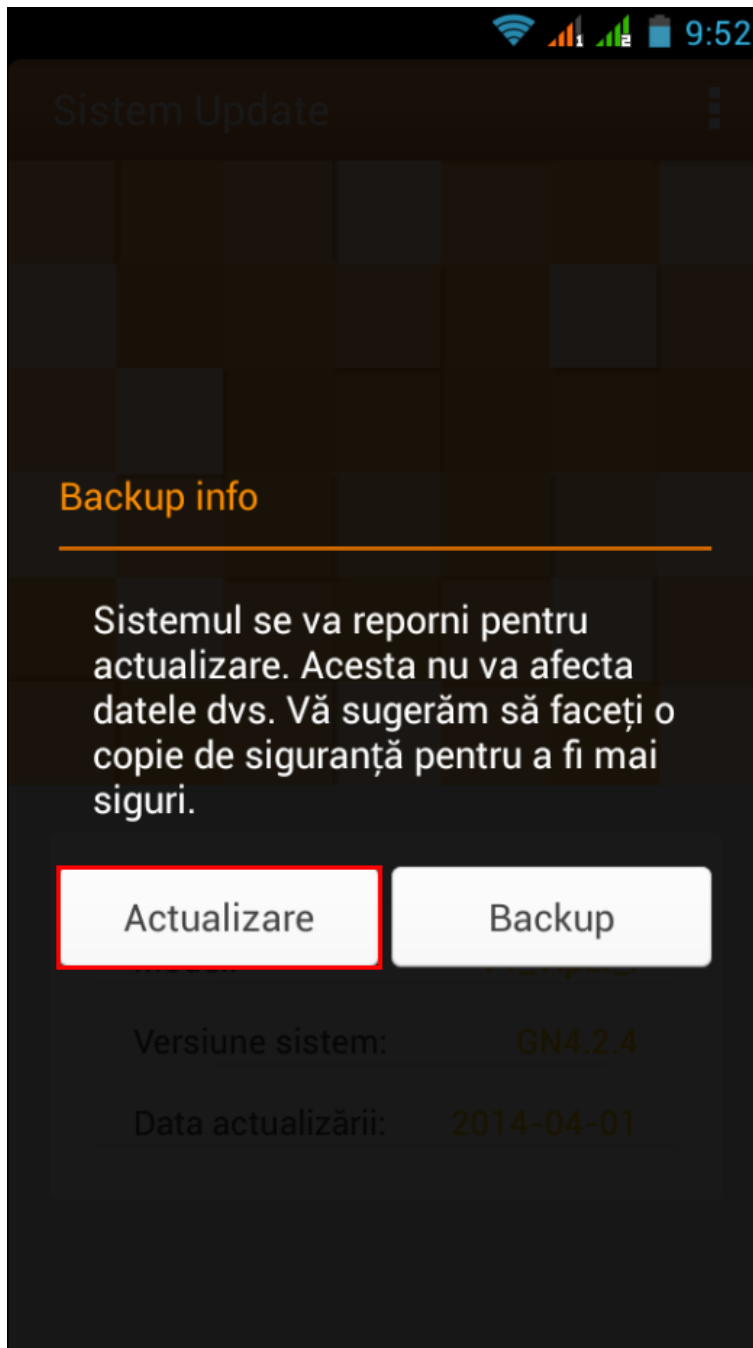

4. Press Menu. Check the **"Select updates from internal storage"** option.

5. Select the update file from the internal storage or from the SD Card as it follows: **FILE -> Internal Storage/ SD Card -> "Update_V1_Viper_I_24.09.2014.zip"**.

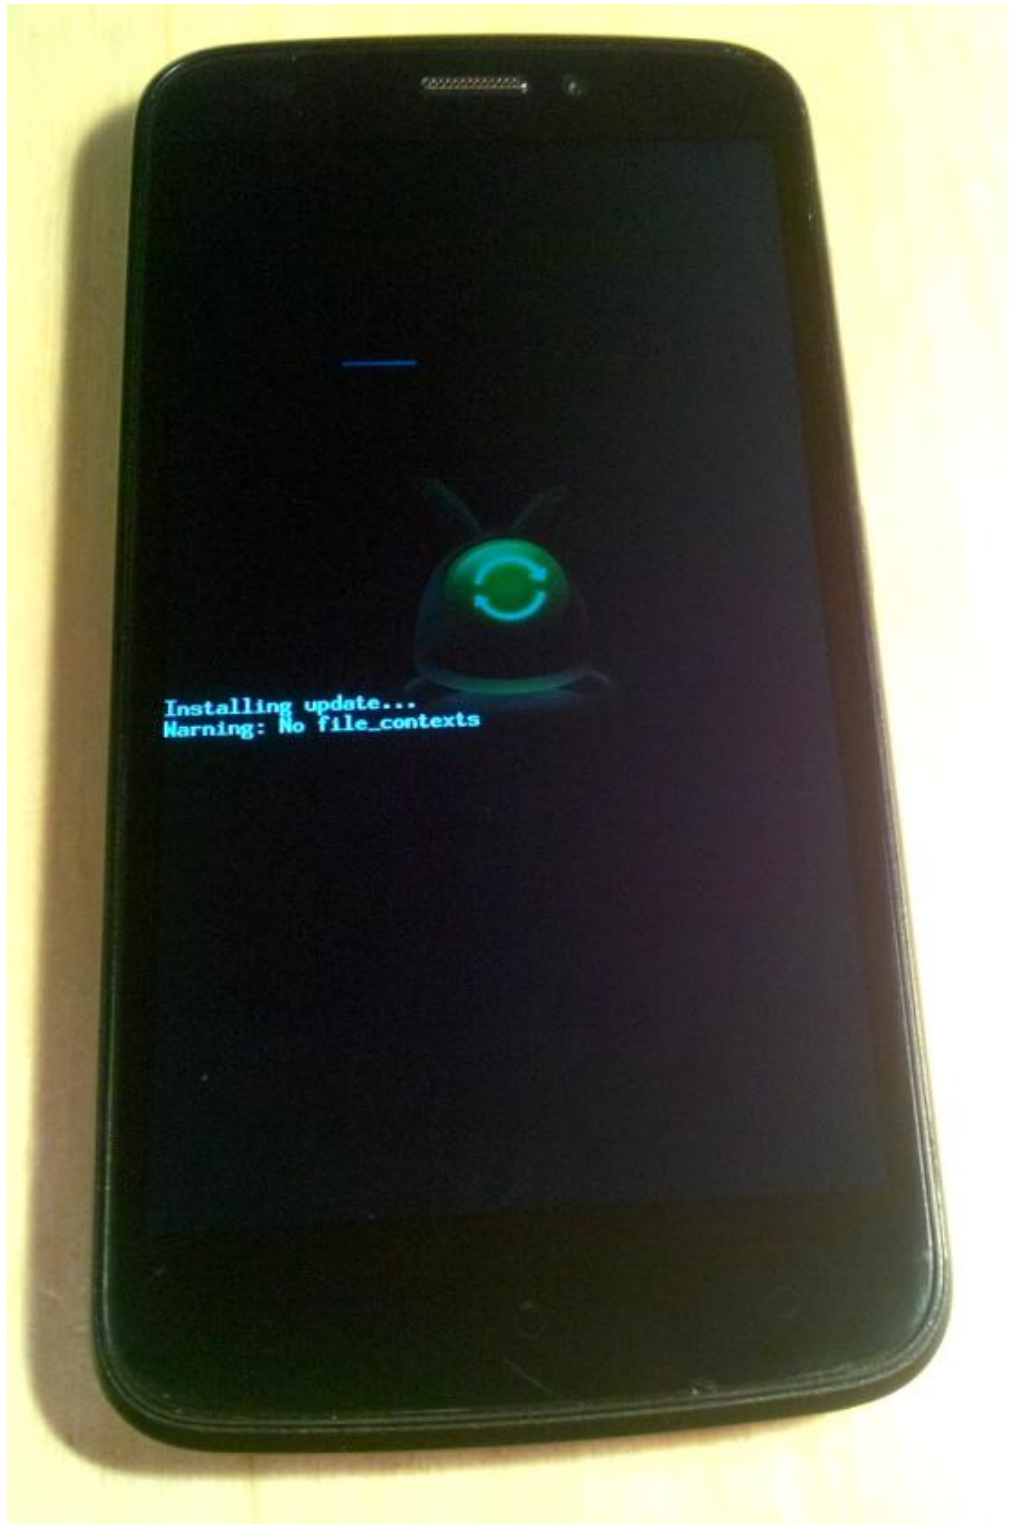

6. A message will be displayed on the phone's screen that will inform you about this update:

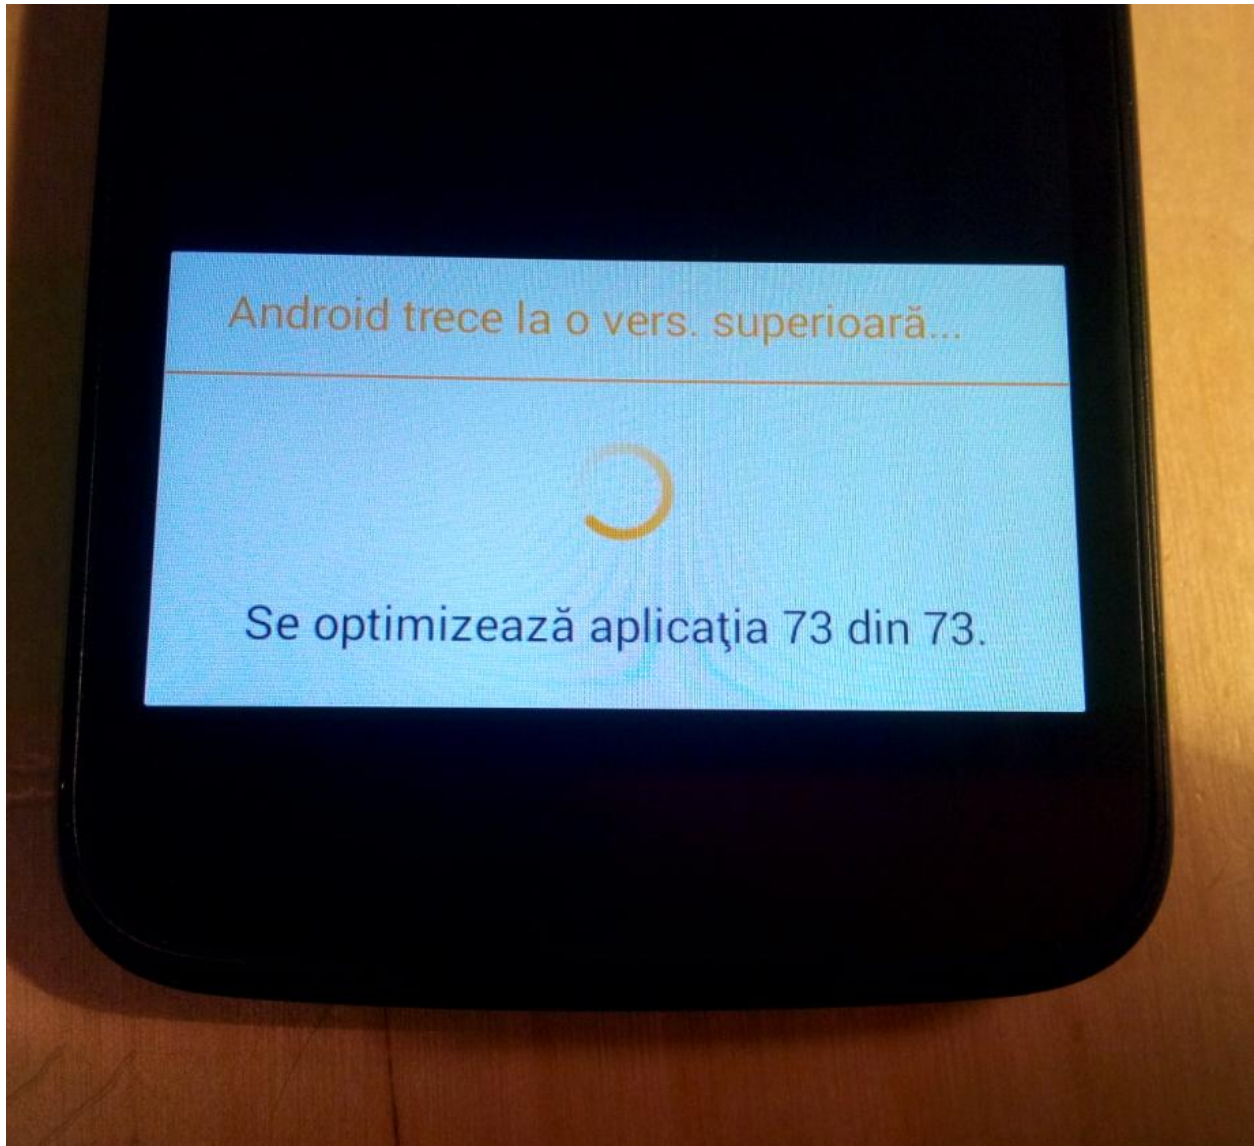

7. Select **Update**. The phone will reboot and the update procedure will start automatically .

8. The update procedure will be pointed by a status bar.

9. After finishing the update process, the phone will reboot itself.

10. On the phone's screen this message will be displayed: **“Android is upgrading”**.

*The update file **Update_V1_Viper_I_24.09.2014.zip** from the internal storage/SD card will be deleted automatically after the termination of the update process.*

We recommend Factory Reset after the update, to avoid some errors.

ATTENTION! *The phone's factory reset will completely delete all personal information and the apps installed in the phone.*
