

## **Update procedure – X2 Soul Mini**

**The software update advantages are:**

- software stability improvement;
- translations improvement;
- fixing some minor bugs.

**ATTENTION!** *The phone must be fully charged when initializing the procedure.*

**ATTENTION!** *Please do not stop under any circumstance the update operation.*

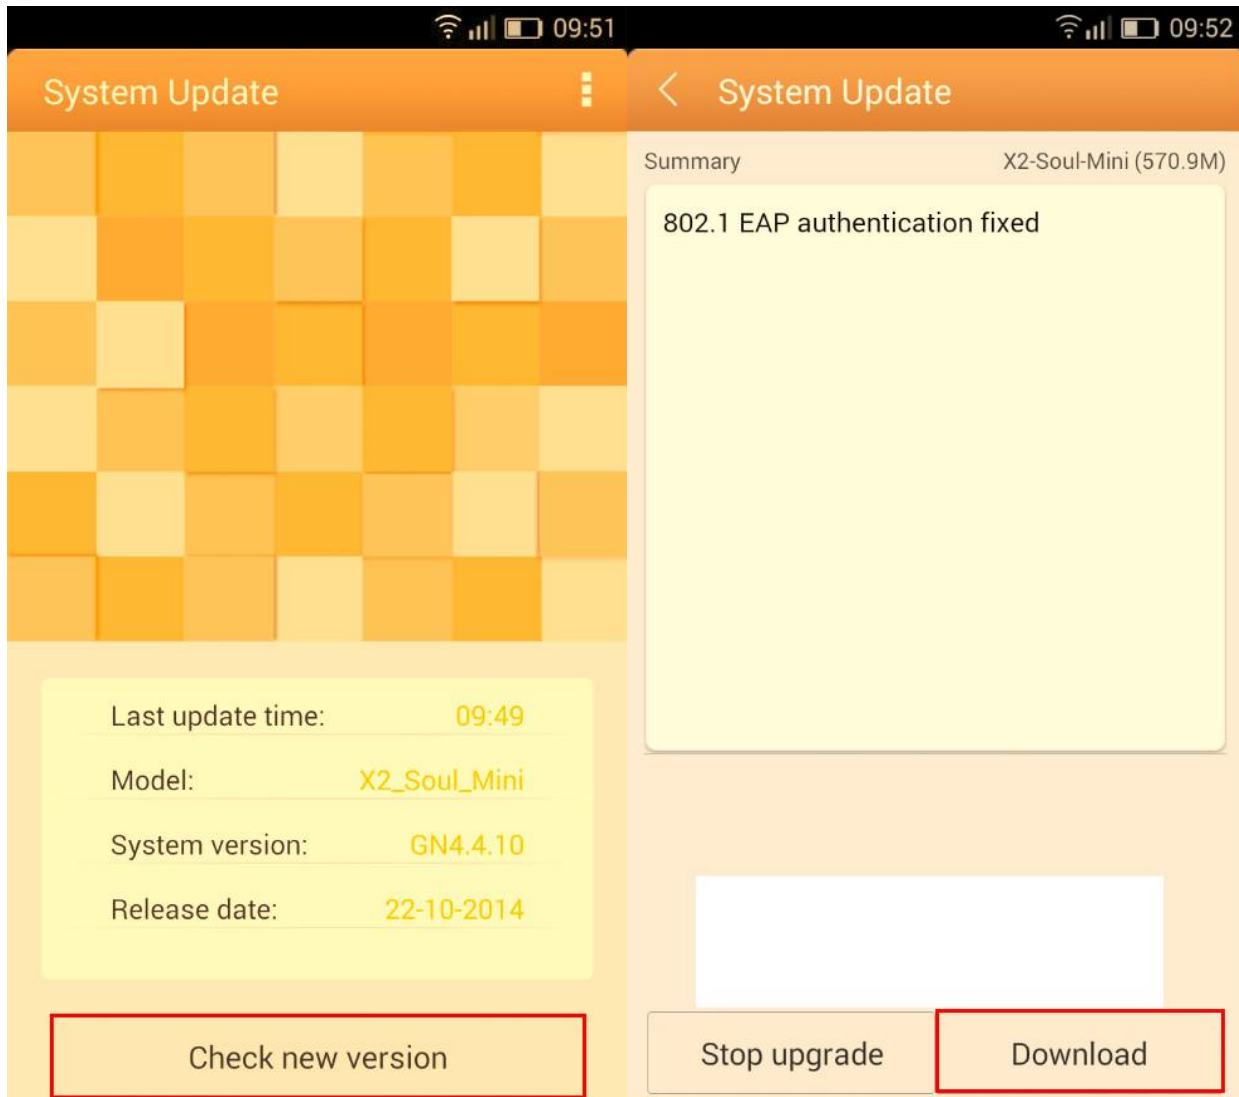

*The software update is an operation which is realised on own responsibility by following the steps below.*

To update the software version of the **Allview X2 Soul Mini** smartphone it is necessary to follow the next steps:

1. Turn on the phone and connect it to a wireless network.
2. Open the "**System update**" app from the app menu:

3. Tick the option: **Check new version -> Start:**

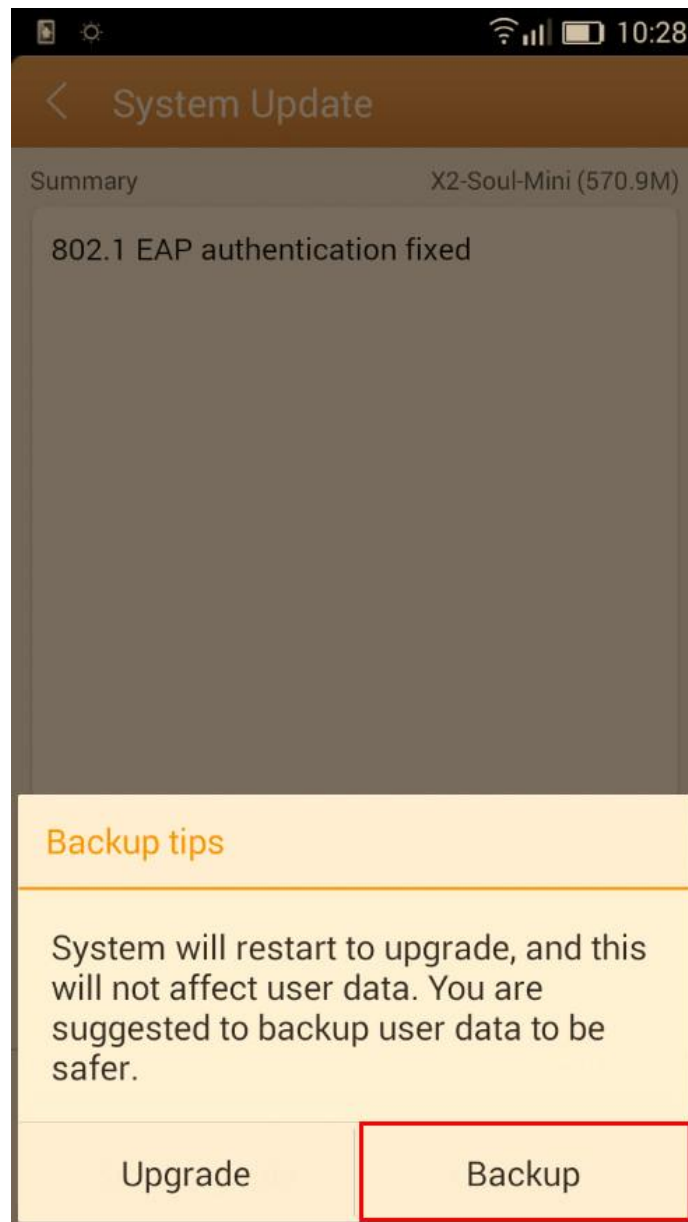

4. Please wait until the new software is downloaded on the phone:

5. After the software's full download, select **Update**:

6. A message will be displayed on the phone's screen that will inform you about this update:

7. Select **Update**. The phone will reboot and the update procedure will start automatically .

8. After finishing the update process, the phone will reboot itself.

9. On the phone's screen this message will be displayed: ***“Android is upgrading”***.

*The update file downloaded in the internal storage will be deleted automatically after the termination of the update process.*

We recommend factory Reset after the update, to avoid some errors.

**ATTENTION!** *The phone's factory reset will completely delete all personal information and the apps installed in the phone.*
