

The update procedure through OTA v1 – Allview E3 Sign / 27.03.2015

The software update advantages are:

- ✓ *software stability improvement;*
- ✓ *translations improvement;*
- ✓ *fixing some minor bugs;*

ATTENTION! *The phone must be fully charged when initializing the procedure.*

ATTENTION! *Please do not stop under any circumstance the update operation.*

The software update is an operation which is realised on own responsibility by following the steps below.

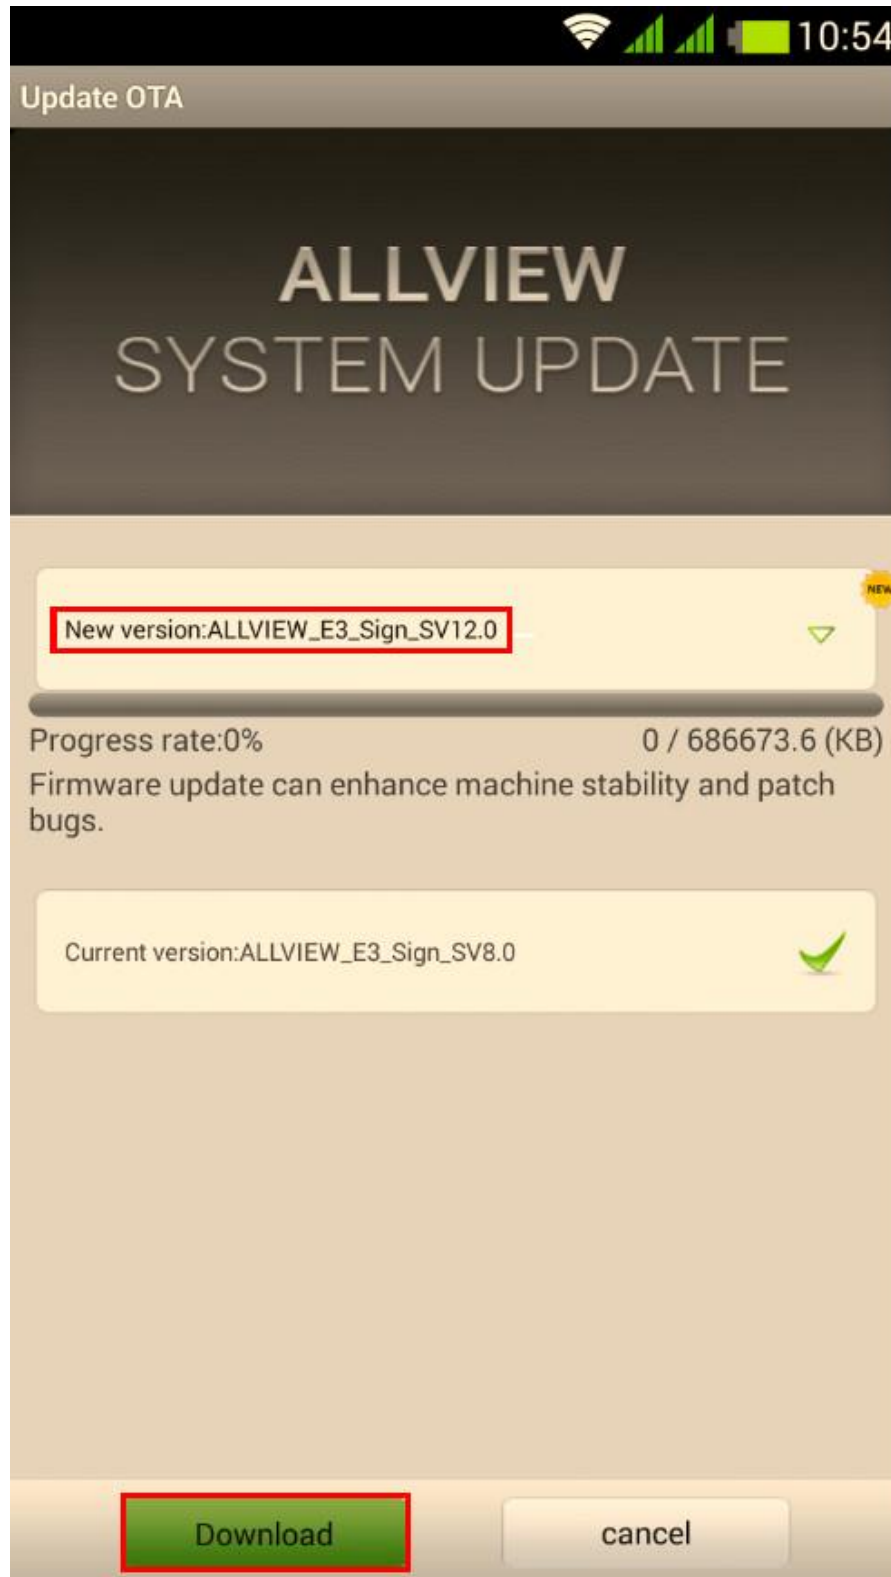

To update the software version of the **Allview E3 Sign** smartphone it is necessary to follow the next steps:

1. Turn on the phone and connect it to a wireless network.
2. Open the "**System Update**" app from the apps menu:

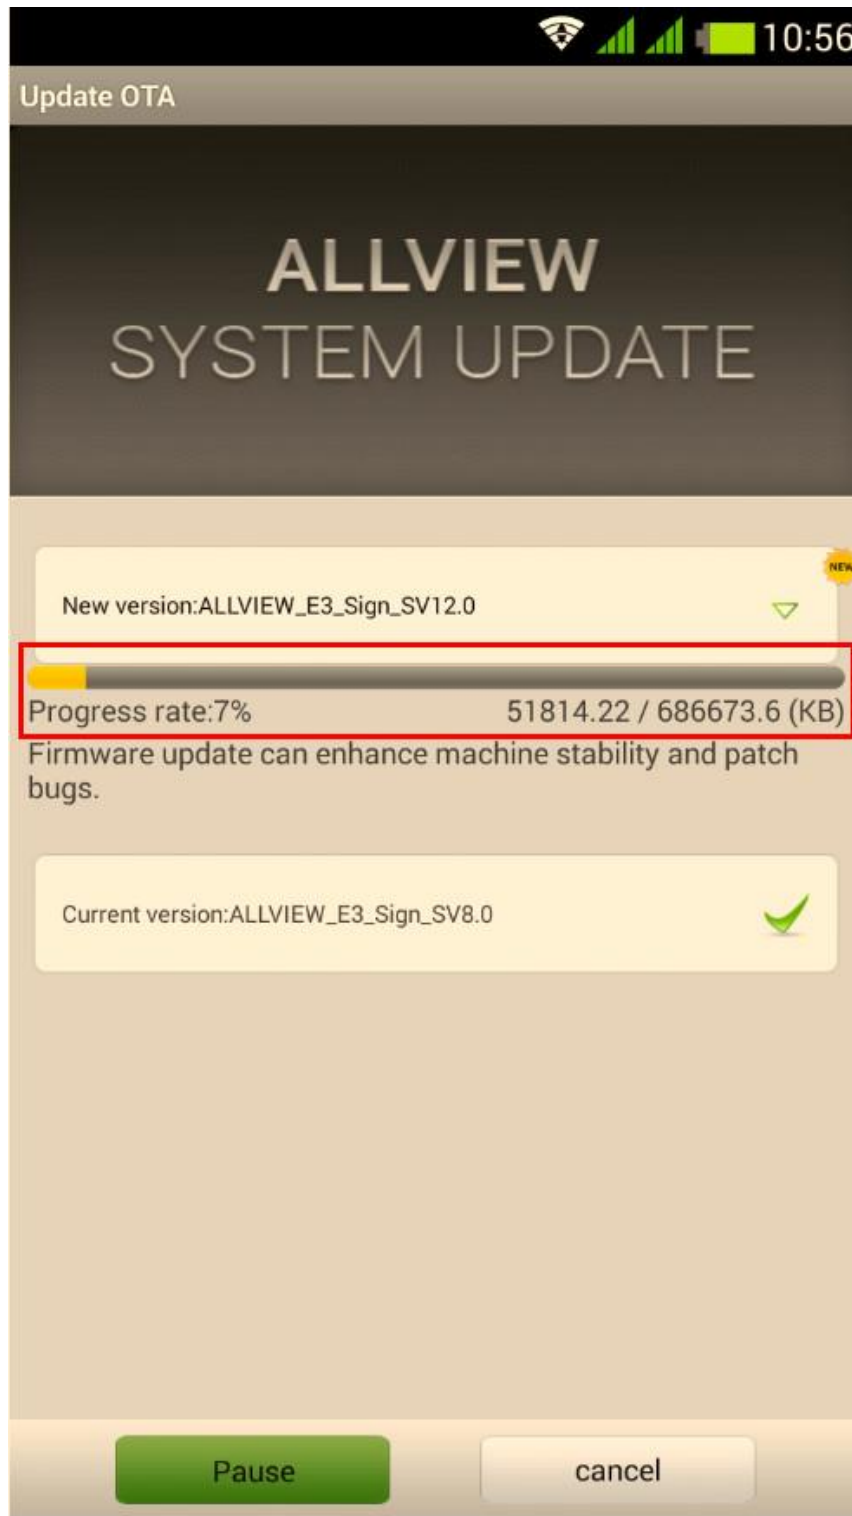

3. The "System Update" has detected a new software version (SV12.0) Tick the option: **Download**:

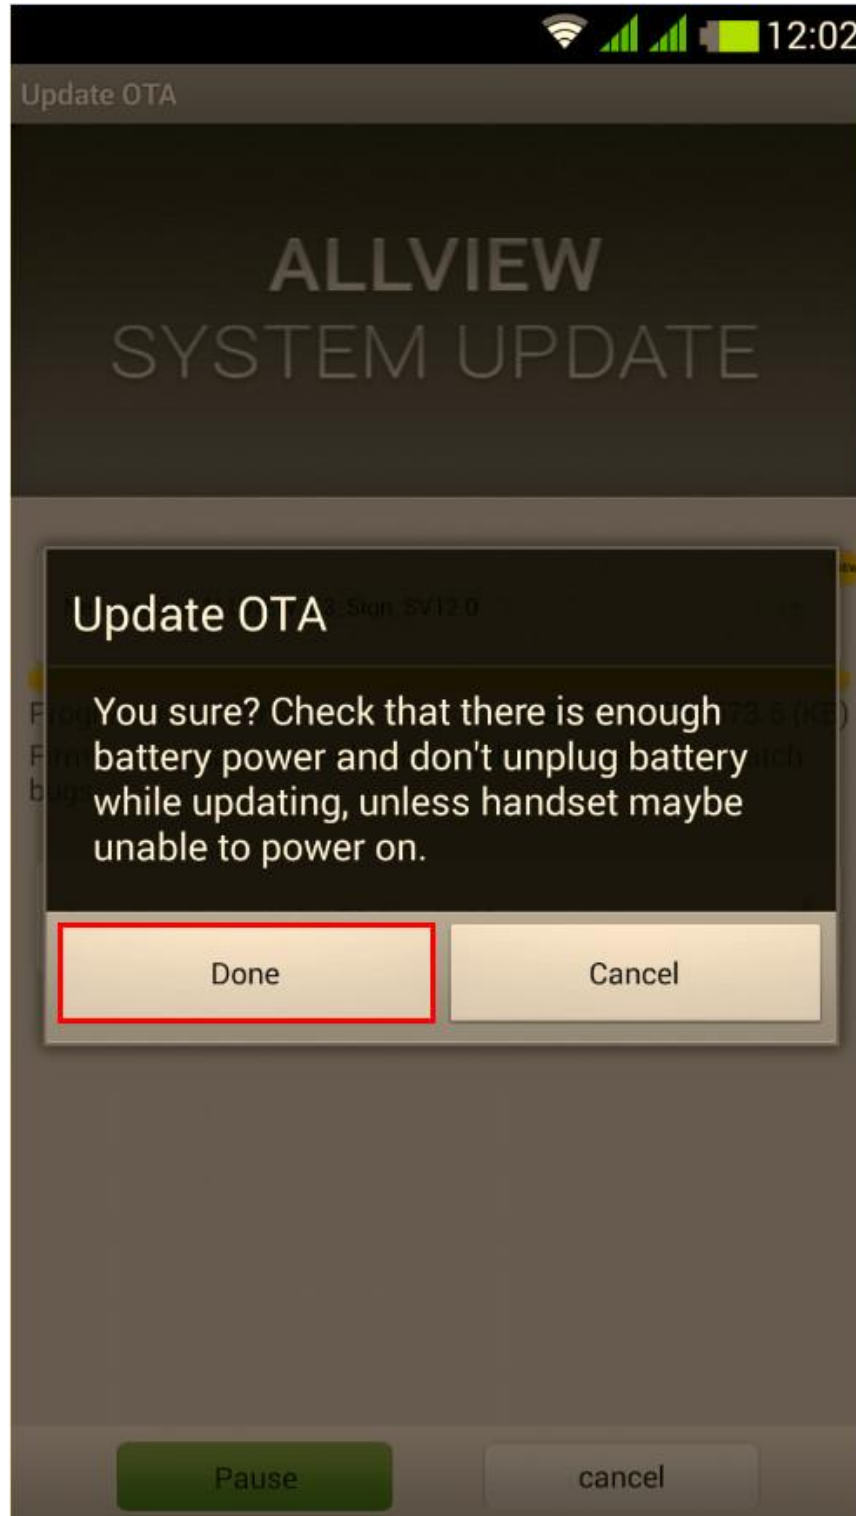

4. Please wait for the download of the software in the phone's internal storage/micro SD card:

5. A message will be displayed on the phone's screen that will inform you about this software update:

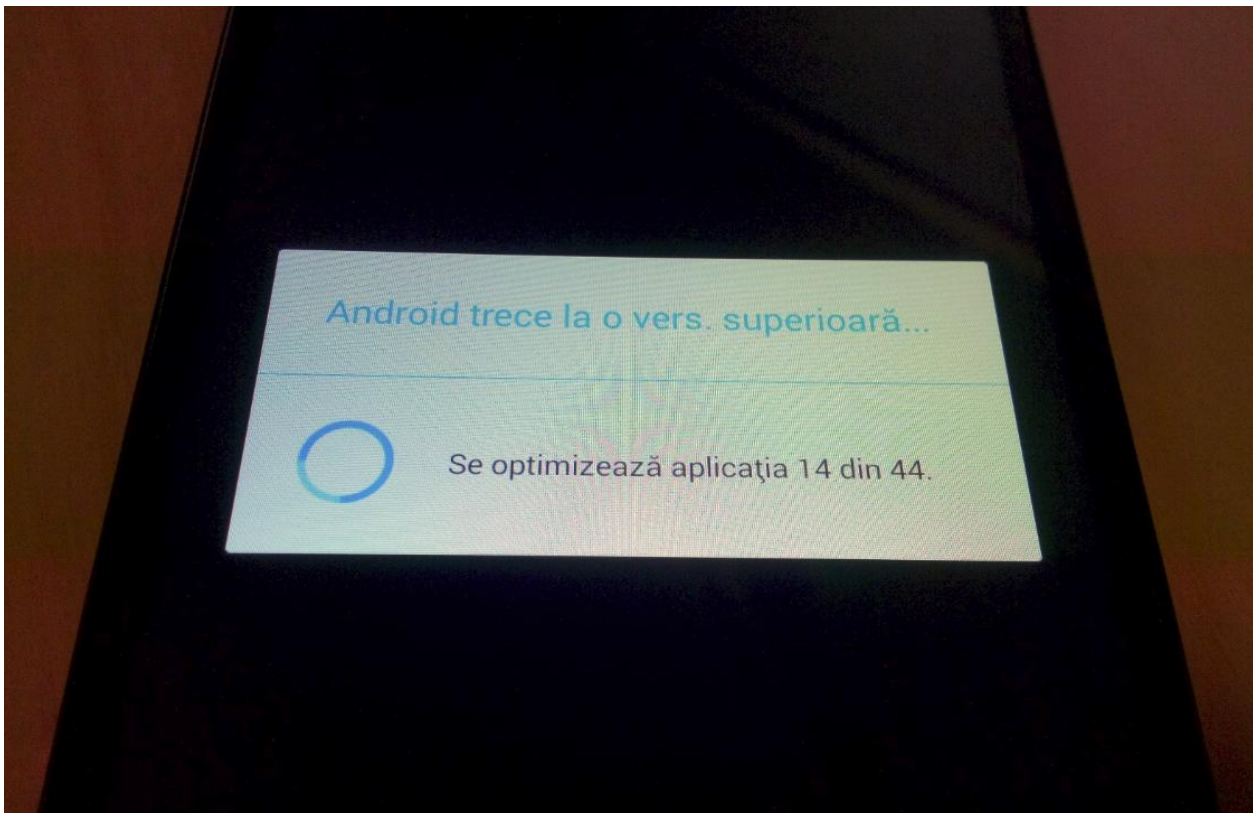

6. Select **Start**. The phone will reboot and the update procedure will start automatically .

7. After finishing the update process, the phone will reboot itself.

8. On the phone's screen this message will be displayed: **“Android is upgrading”**.

The update file downloaded in the internal storage/micro SD card will be deleted automatically after the termination of the update process.

*We recommend **Factory Reset** after the update, to avoid some errors.*

ATTENTION! *The phone’s factory reset will completely delete all personal information and the apps installed in the phone.*
