

THE OTA v2 update procedure – X2 Soul Mini/ 28.05.2015

The software update advantages are:

- ✓ *software stability improvement;*
- ✓ *translations improvement;*
- ✓ *fixing some minor bugs.*

ATTENTION! *The phone must be fully charged when initializing the procedure.*

ATTENTION! *Please do not stop under any circumstance the update operation.*

The software update is an operation which is realised on own responsibility by following the steps below.

To update your **Allview X2 Soul Mini** 's Android operating system to the latest available software version, it is necessary to follow the steps below in two stages:

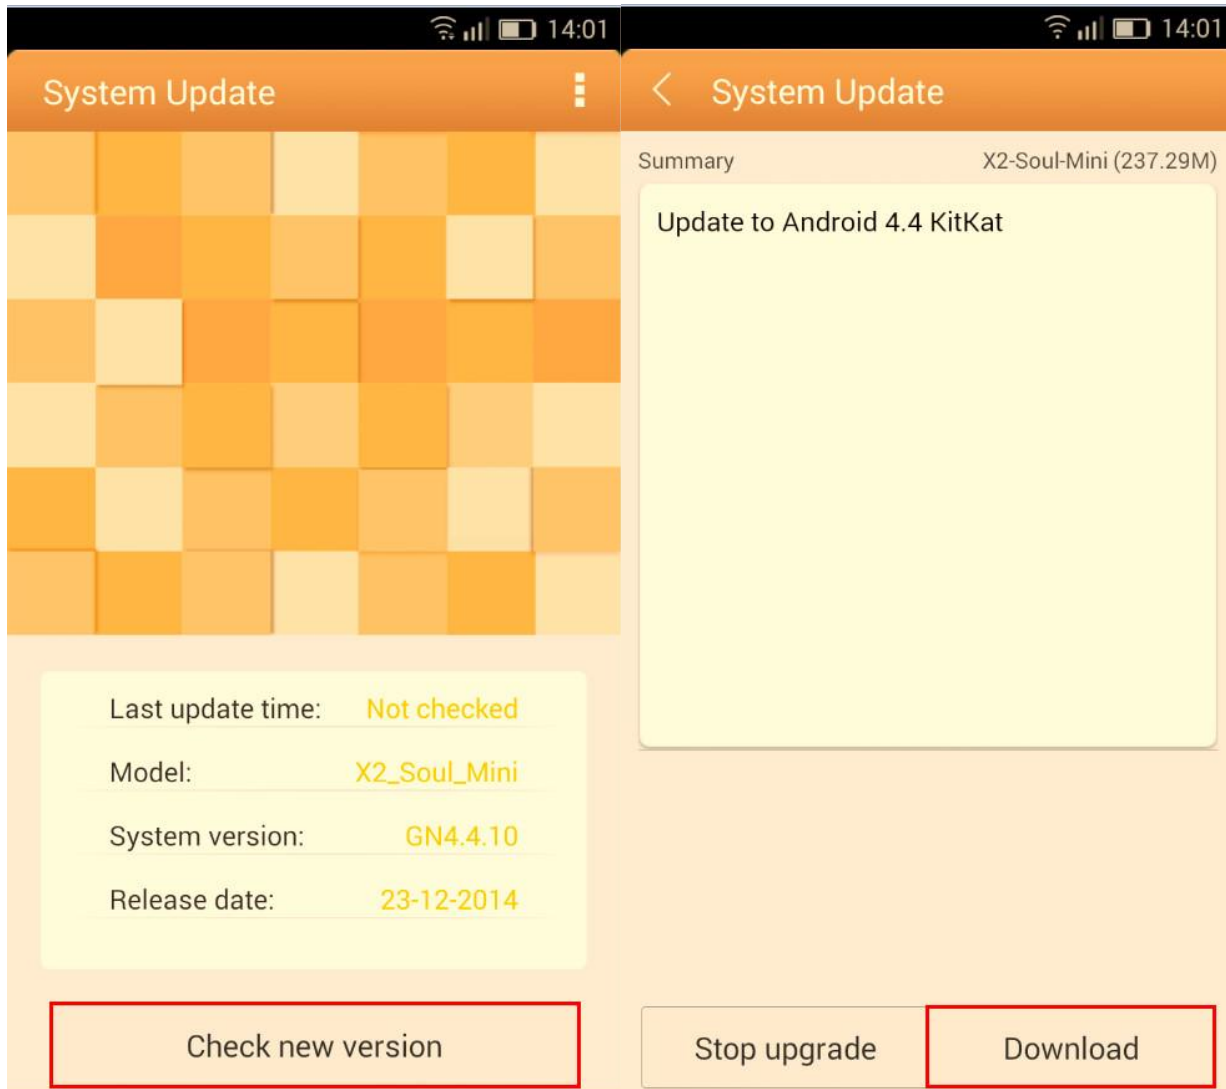

PHASE 1

1. Turn on the phone and connect it to a wireless network.
2. Open the **"System updates"** app from the apps menu:

3. Tick the option: **Check new version -> Start:**

4. Please wait for the Software update file in the internal storage of the phone:

5. After the complete download of the software update file in the internal storage, select **Update**:

6. A message will be displayed on the phone's screen that will inform you about this update:

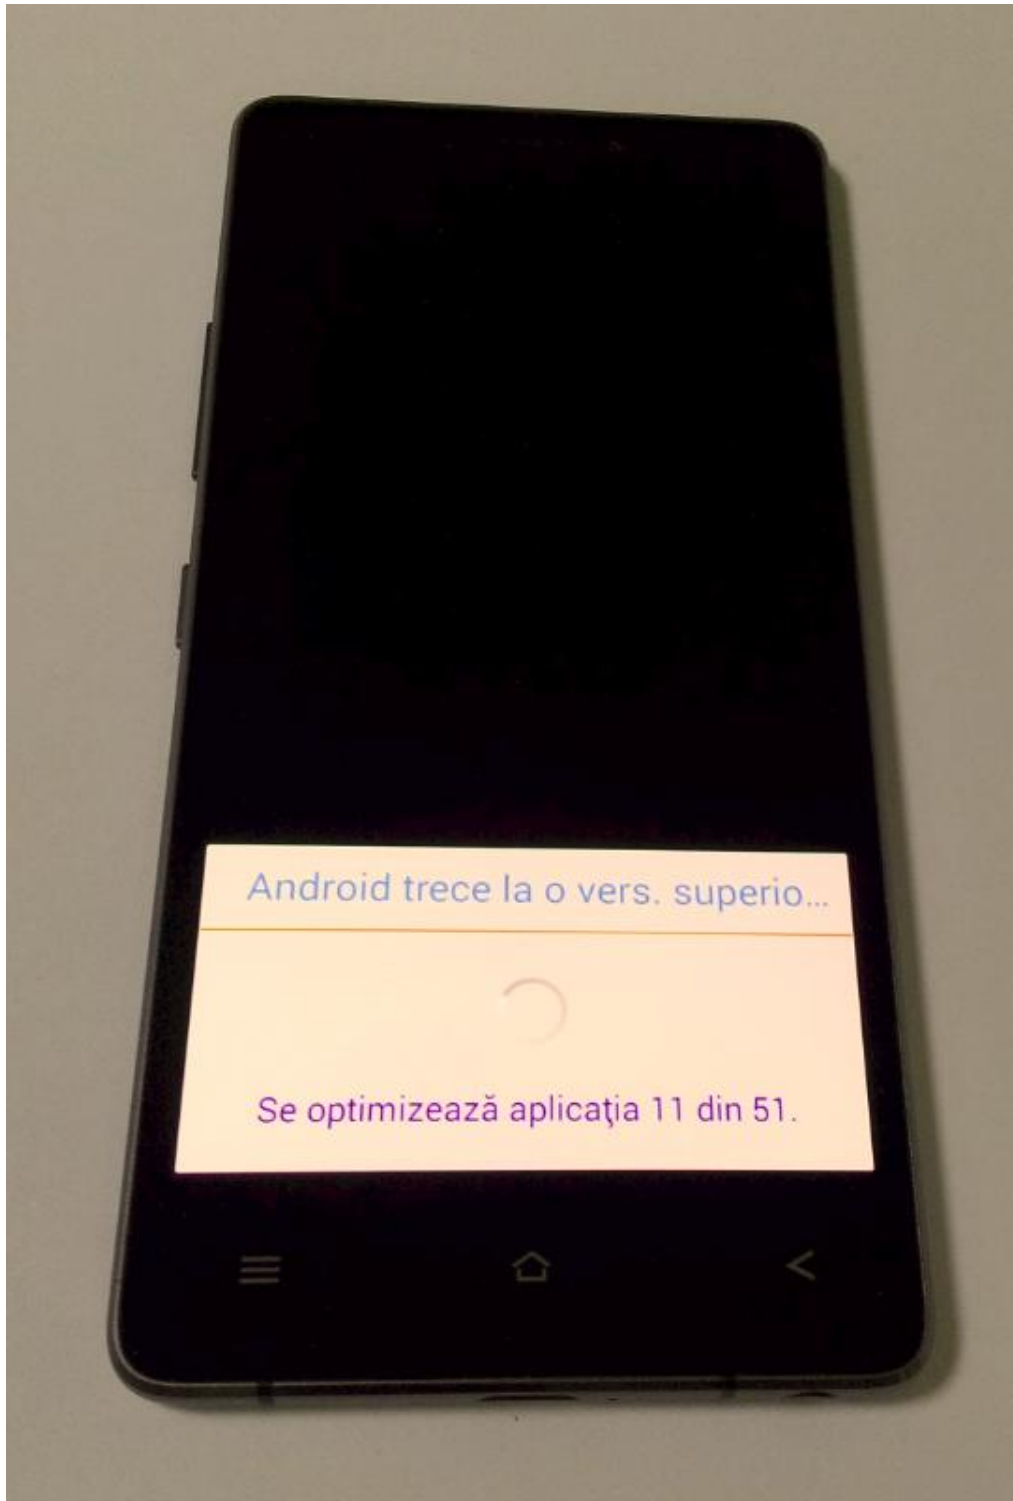

7. Select **Update**. The phone will reboot and the update procedure will start automatically .

8. After finishing the update process, the phone will reboot itself.

9. On the phone's screen this message will be displayed: **“Android is upgrading”**.

The update file downloaded in the internal storage will be deleted automatically after the termination of the update process.

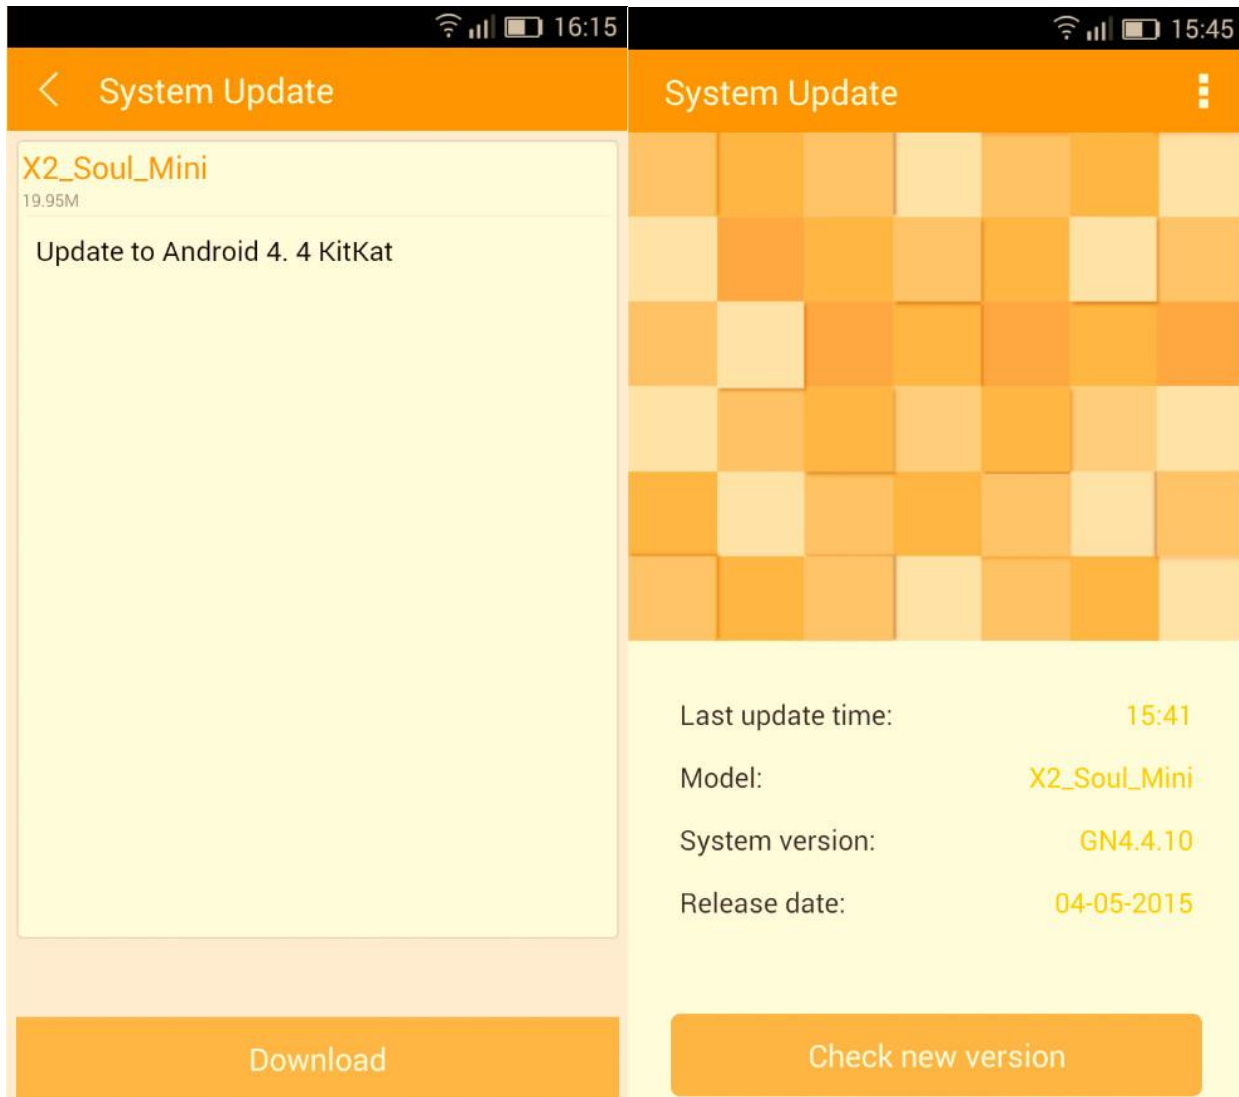

PHASE 2

10. Open the "System updates" app from the apps menu:

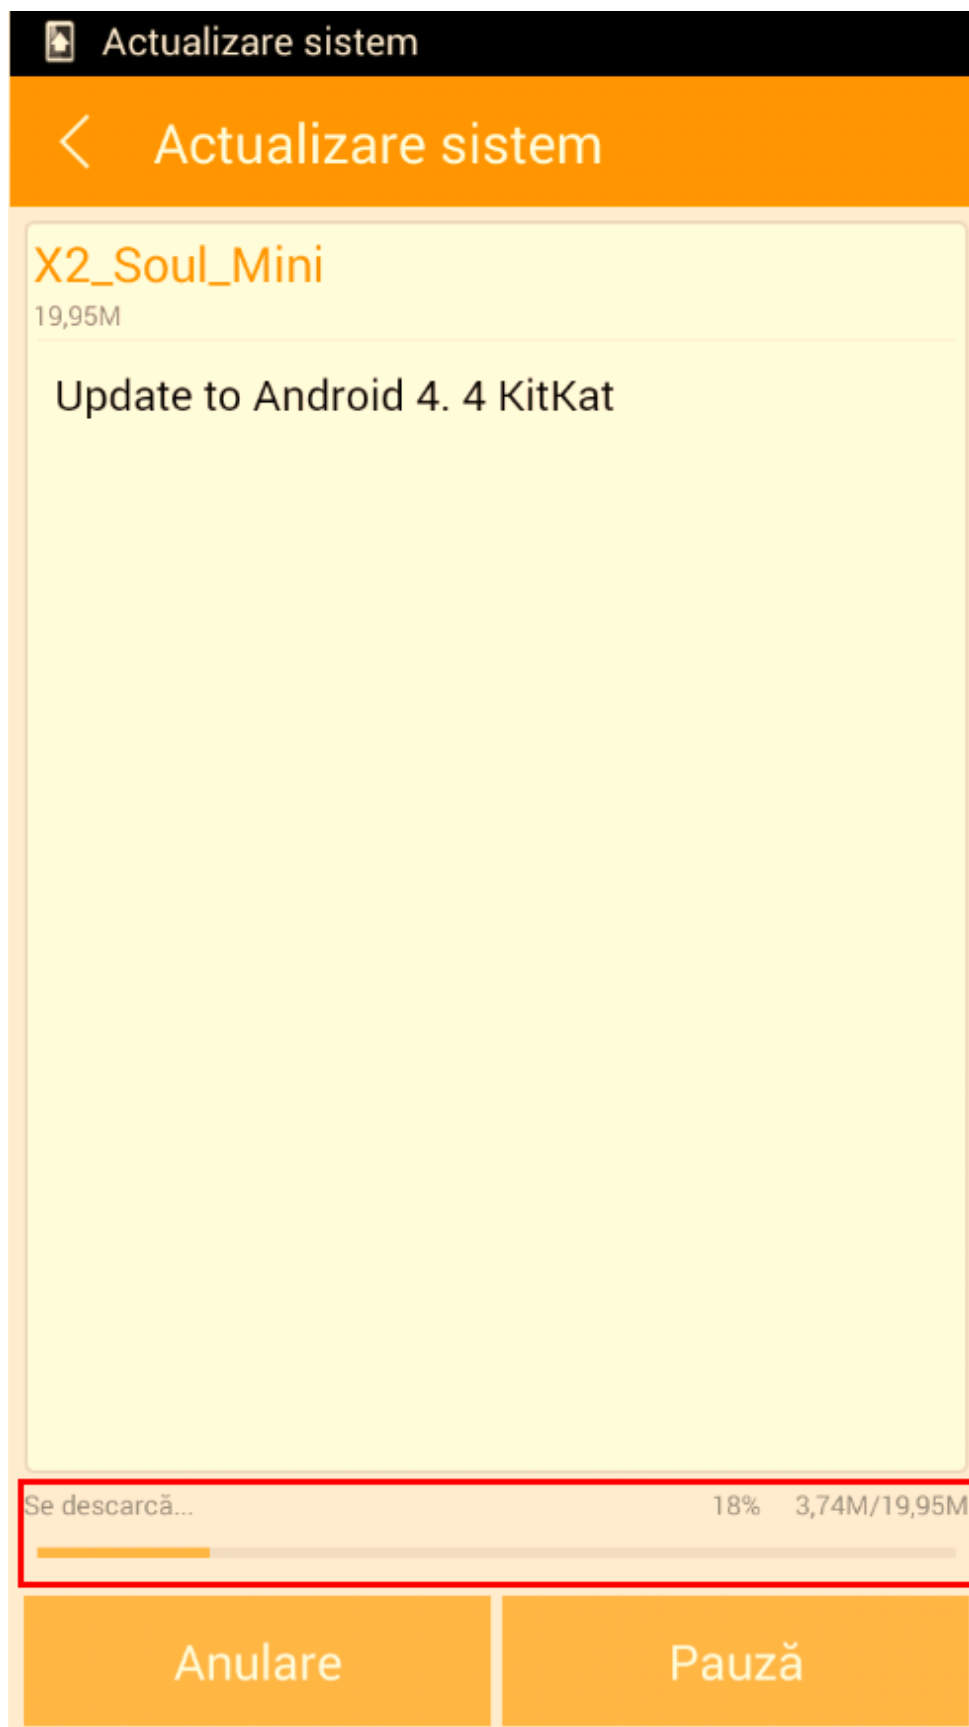

11. Tick the option: **Check New Version -> Start:**

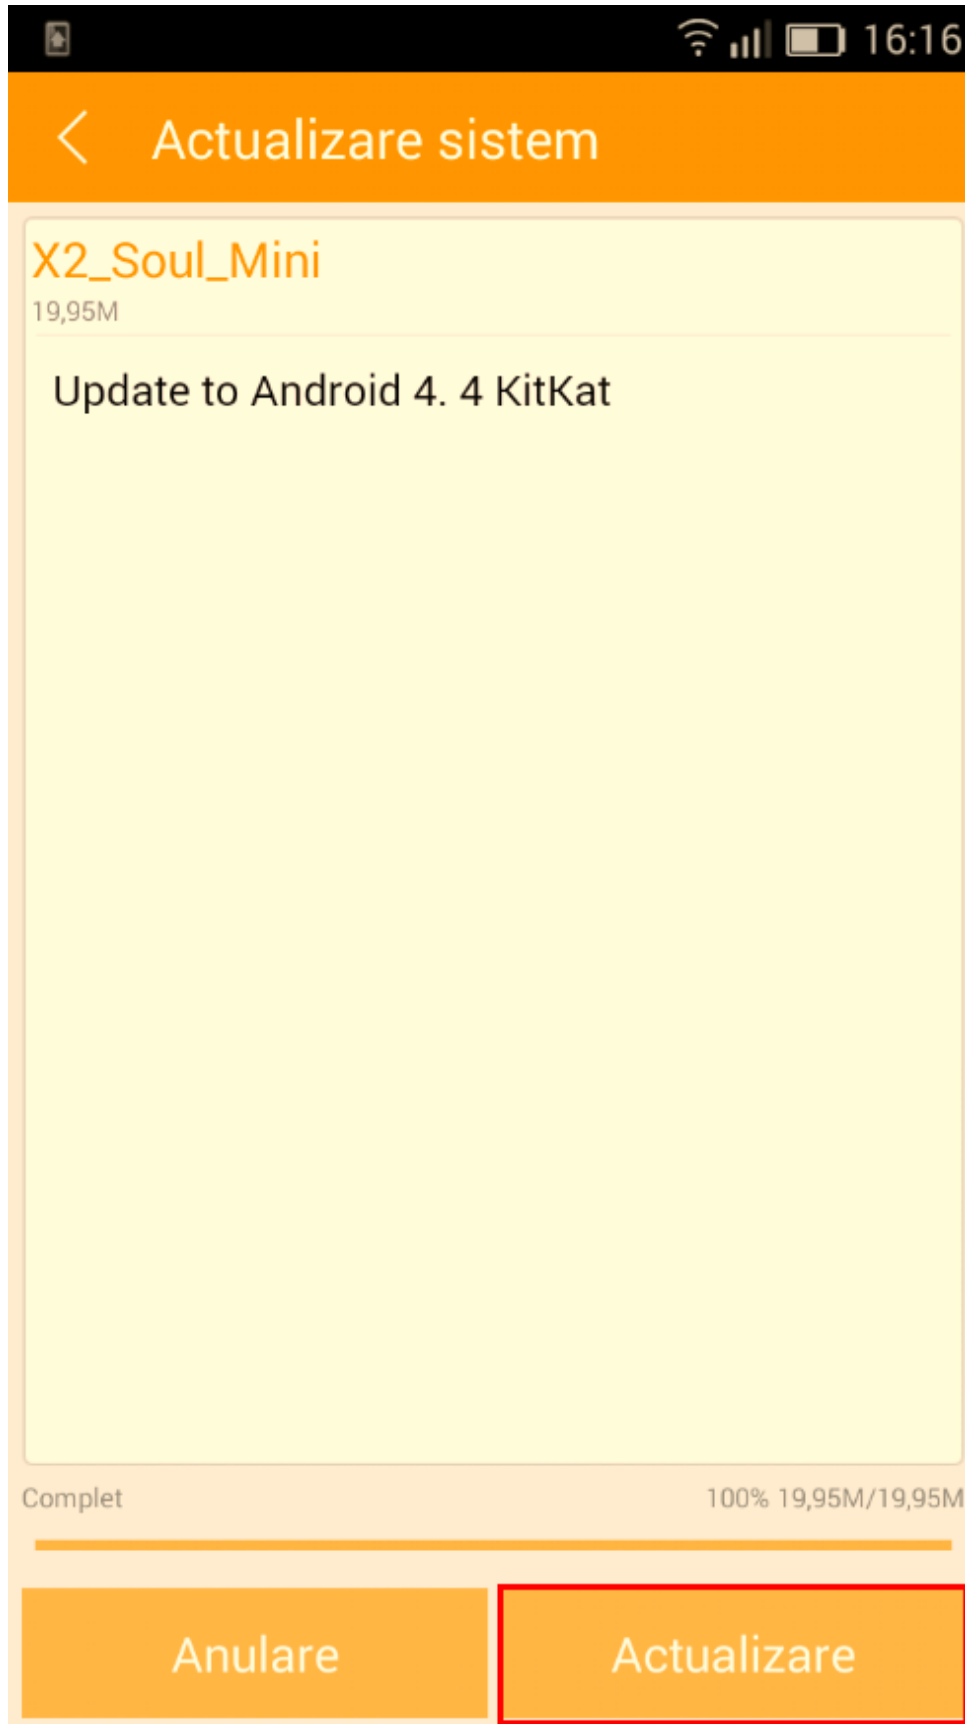

12. Please wait for the Software update file in the internal storage of the phone:

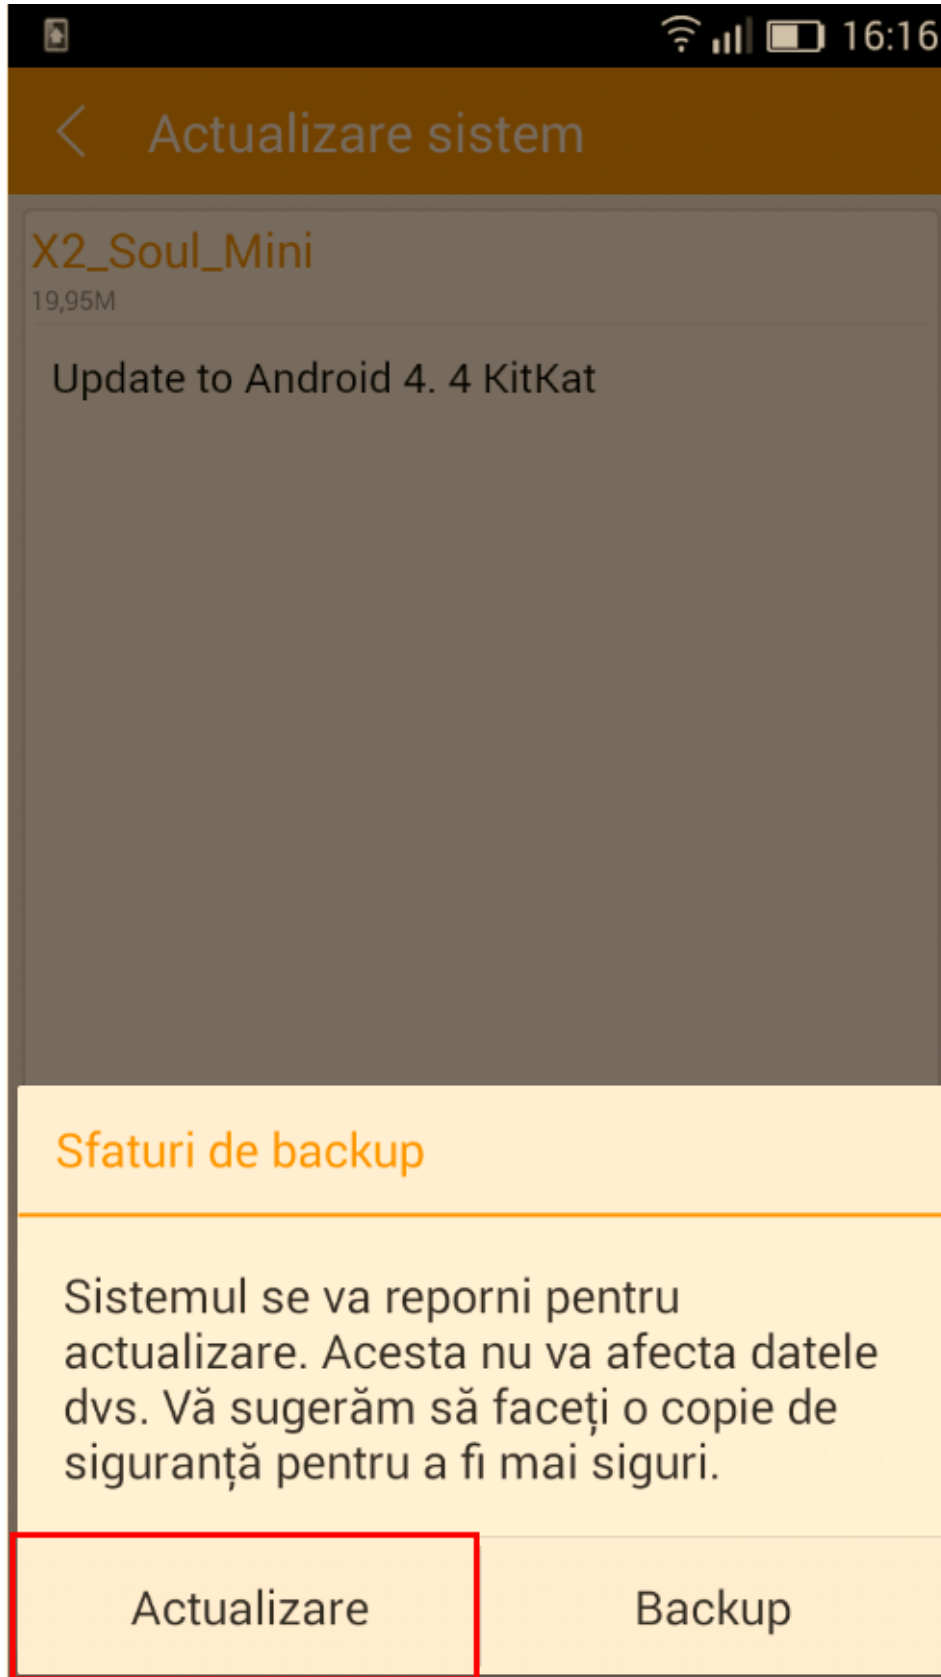

13. After the complete download of the software update file in the internal storage, select **Update**:

14. A message will be displayed on the phone's screen that will inform you about the latest sw update:

15. Select **Update**. The phone will reboot and the update procedure will start automatically .

16. After finishing the update process, the phone will reboot itself.

9. On the phone's screen this message will be displayed: ***“Android is upgrading”***.

The update file downloaded in the internal storage will be deleted automatically after the termination of the update process.

We recommend Factory Reset after the update, to avoid some errors.

ATTENTION! *The phone's factory reset will completely delete all personal information and the apps installed in the phone.*
