

## **The update procedure through OTA – Allview X2 Soul PRO / Android 5.0 / 13.10.2015**

*The software update advantages are:*

- ✓ *software stability improvement;*
- ✓ *translations improvement;*
- ✓ *fixing some minor bugs.*

**ATTENTION!** *The phone must be fully charged when initializing the procedure.*

**ATTENTION!** *Please do not stop under any circumstance the update operation.*

*The software update is an operation which is realised on own responsibility by following the steps below.*

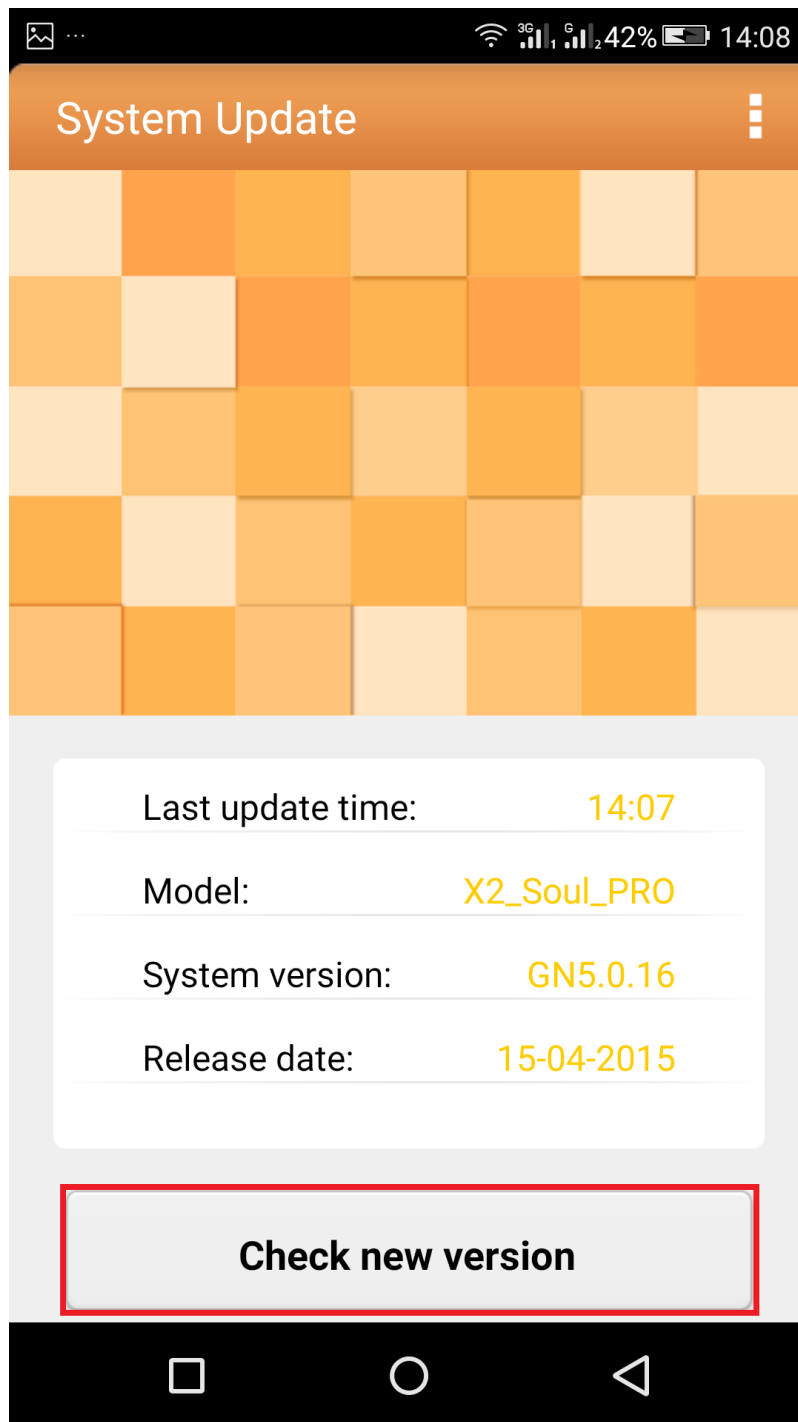

To update the software version of the **Allview X2 Soul PRO** smartphone it is necessary to follow the next steps:

1. Turn on the phone and connect it to a wireless network.
2. Open the **"System updates"** app from the apps menu:

3. For search software version use button **"Check new version"**

4. The **“System Update”** app has detected a new software version (**X2\_Soul\_PRO\_0301\_V5689**). Tick the option: **Download**:

5. Please wait for the full software download in the phone's internal storage.

6. After full software download, select **“Upgrade”**:

7. The phone will reboot and the update procedure will start automatically .

8. After finishing the update process, the phone will reboot itself.

9. On the phone's screen this message will be displayed: ***“Android is upgrading”***.

*The update file downloaded in the internal storage will be deleted automatically after the termination of the update process.*

We recommend **Factory Reset** after the update, to avoid some errors.

**ATTENTION!** *The phone's factory reset will completely delete all personal information and the apps installed in the phone.*
