

The update procedure through OTA – Allview E4 Lite / Android 5.1 / 27.11.2015

The software update advantages are:

- ✓ *software stability improvement;*
- ✓ *self improvement;*
- ✓ *translations improvement;*
- ✓ *fixing some minor bugs.*

ATTENTION! *The phone must be fully charged when initializing the procedure.*

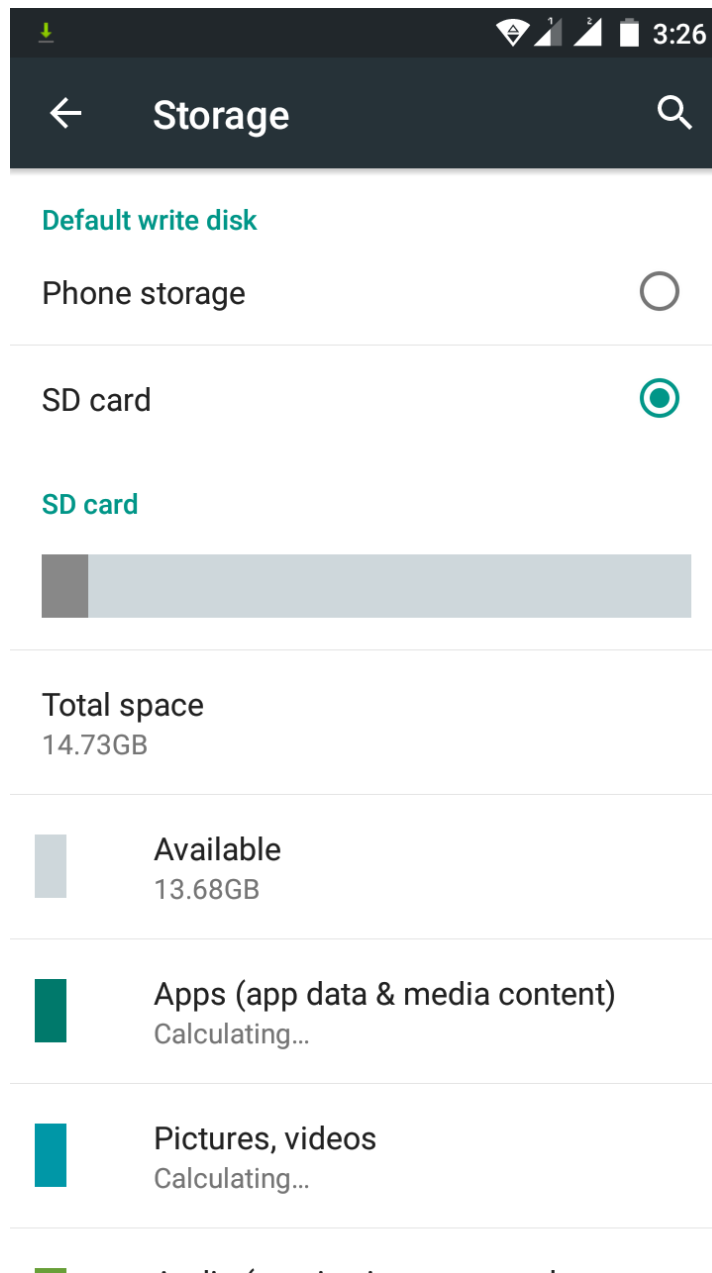

ATTENTION! *Please do not stop under any circumstance the update operation.*

The software update is an operation which is realised on own responsibility by following the steps below.

To update the software version of the **Allview E4 Lite** smartphone it is necessary to follow the next steps:

1. Turn on the phone and connect it to a wireless network.
2. Make sure you have the SD Card in phone and is selected as the default location writing.

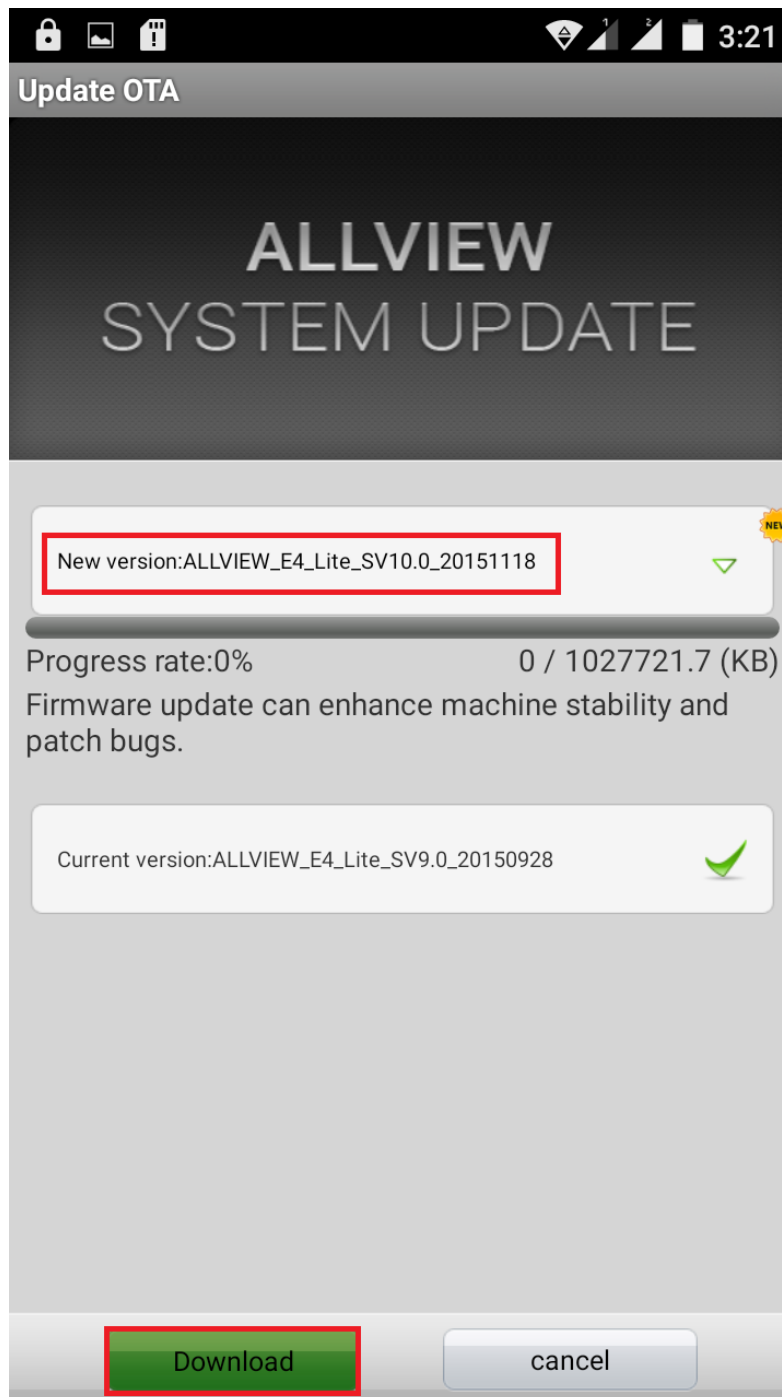

3. Open the **"System updates"** app from the apps menu:

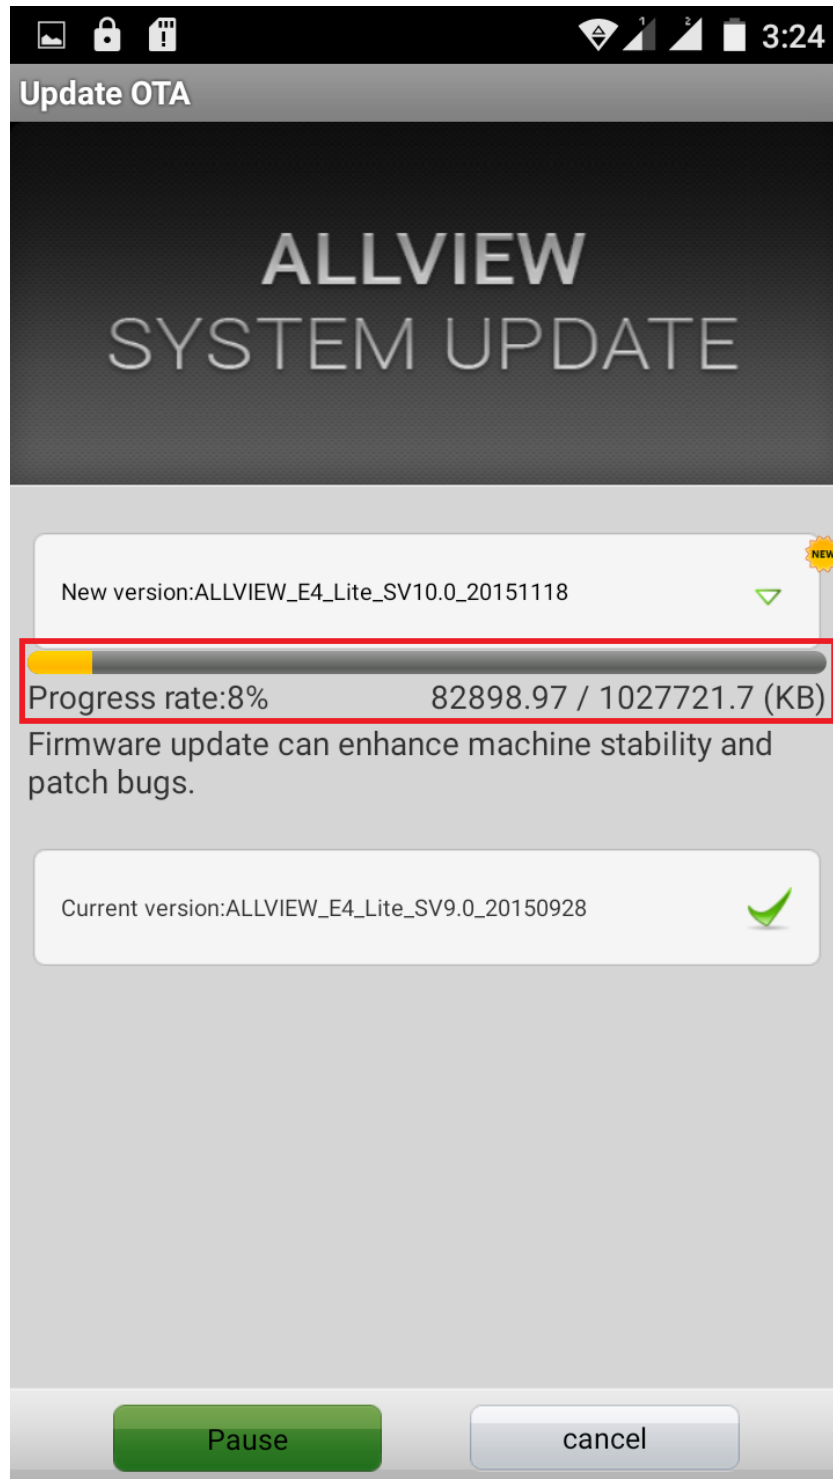

4. In “**System Update**” app check new software version (**ALLVIEW_E4_Lite_SV10.0_20151118**). Tick the option: **Download**:

5. Please wait for the full software download in the phone's storage (micro SD card).

6. After the full software download, a message will be displayed on the phone's screen that will inform you about this update:

7. Select **Done**. The phone will reboot and the update procedure will start automatically .

8. After finishing the update process, the phone will reboot itself.

9. On the phone's screen this message will be displayed: **“Android is upgrading”**.

The update file downloaded in the phone's storage (micro SD card) will be deleted automatically after the termination of the update process.

We recommend **Factory Reset** after the update, to avoid some errors.

ATTENTION! *The phone's factory reset will completely delete all personal information and the apps installed in the phone.*
