

## **The update procedure through OTA – Allview P8 Energy mini / Android 6.0 / 05.12.2016**

The software update advantages are:

- ✓ software stability improvement;
- ✓ fixing some minor bugs.

**ATTENTION!** The phone must be fully charged when initializing the procedure.

**ATTENTION!** Please do not stop the update operation under any circumstances.  
The software update is an operation made on own responsibility by following the steps below.

To update the software version of the *Allview P8 Energy mini* smartphone, please follow the next steps:

1. Turn on the phone and connect it to a wireless network.
2. Open the **"System updates"** app from the apps menu:

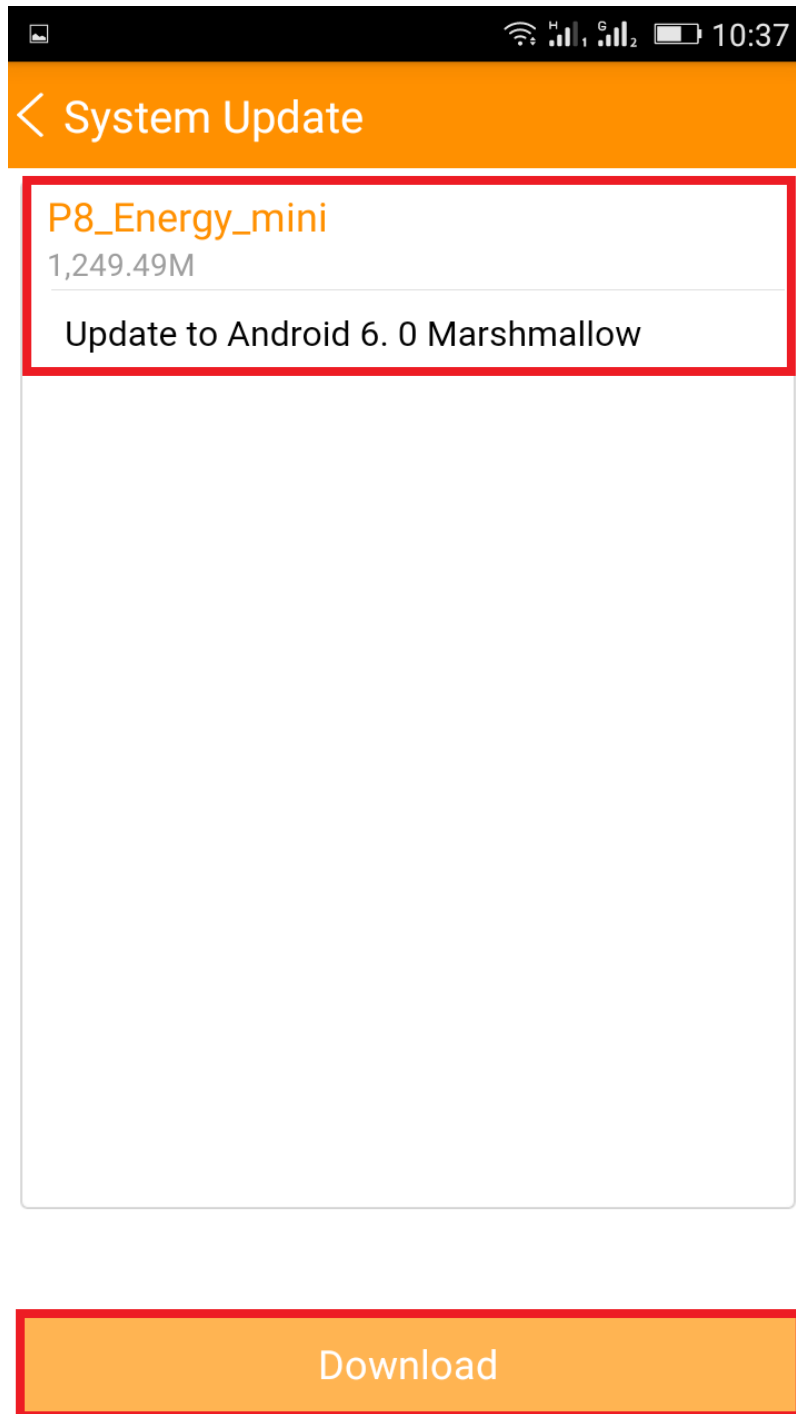

3. Search the software version by clicking on the **"Check new version"** button:

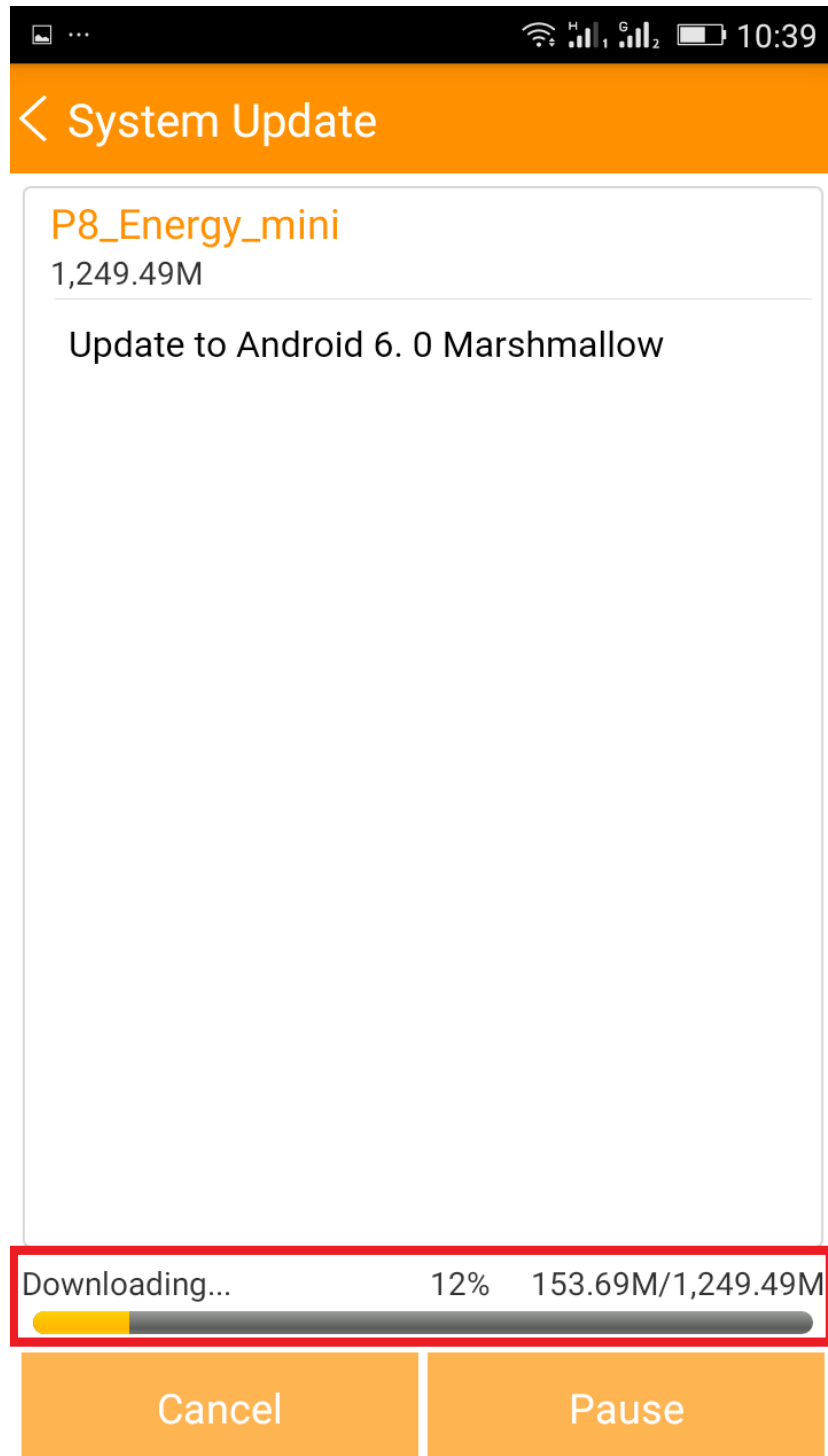

Last update time: 10:33  
Model: P8\_Energy\_mini  
System version: 5.0.16  
Release date: 08-08-2016

Check new version

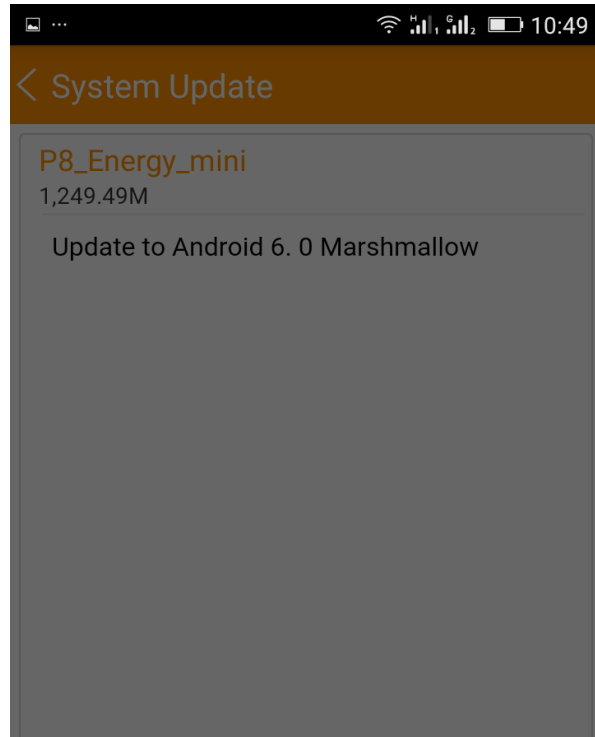

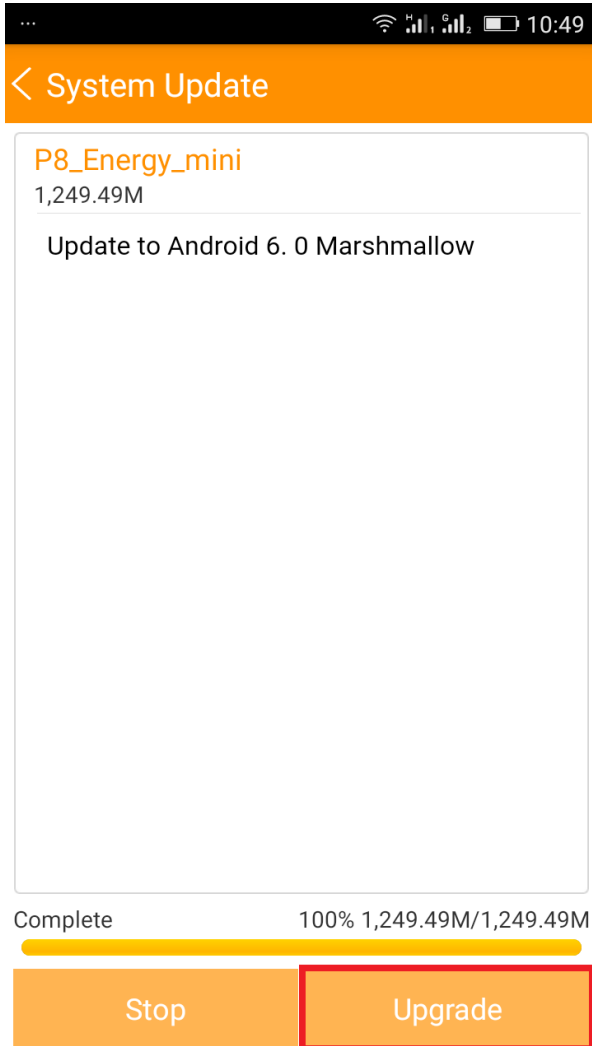

4. The “**System Update**” app has detected a new software version (**P8\_Energy\_mini\_0301\_V8256**). Click on the **Download** option:

5. Please wait for the full software download on the phone's internal storage/micro SD card.

6. After the full software download, select **“Upgrade”**:

### Backup tips

System will restart to upgrade, and this will not affect user data. You are suggested to backup user data to be safer.

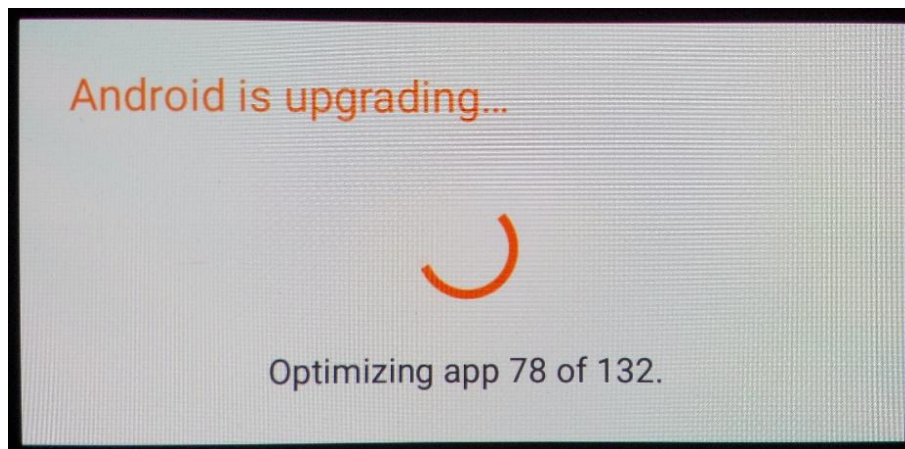

Backup

7. The phone will reboot and the update procedure will automatically start.

8. After finishing the update process, the phone will reboot itself.

9. The “**Android is upgrading**” message will be displayed on the phone’s screen.

*The update file downloaded in the internal storage/microSD card will be deleted automatically after the termination of the update process.*
