

## ***The update procedure through OTA – Allview A8 Lite / Android 7.0 / 16.08.2017***

*The software update advantages are:*

- ✓ *software stability improvement;*
- ✓ *self-improvement;*
- ✓ *fixing some minor bugs.*

**ATTENTION!** *The phone must be fully charged when initializing the procedure.*

**ATTENTION!** *Please do not stop the update operation under any circumstance.*

*The software update is an operation made on own responsibility by following the steps below.*

To update the software version of the **Allview A8 Lite** smartphone please follow the next steps:

1. Turn on the phone and connect it to a wireless network.
2. Make sure you have the SD Card inserted in phone and selected as the default location writing.

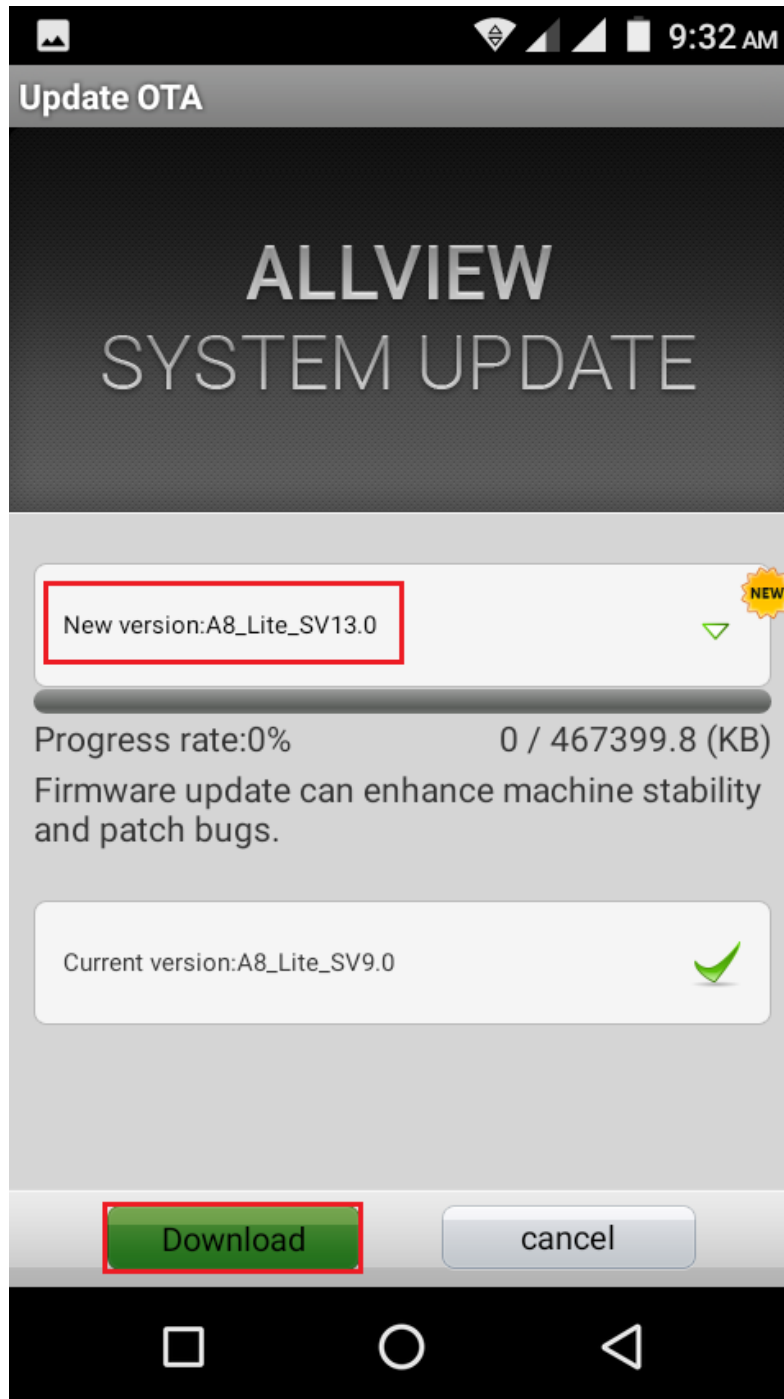

3. Open the **"Update OTA"** app from the apps menu:

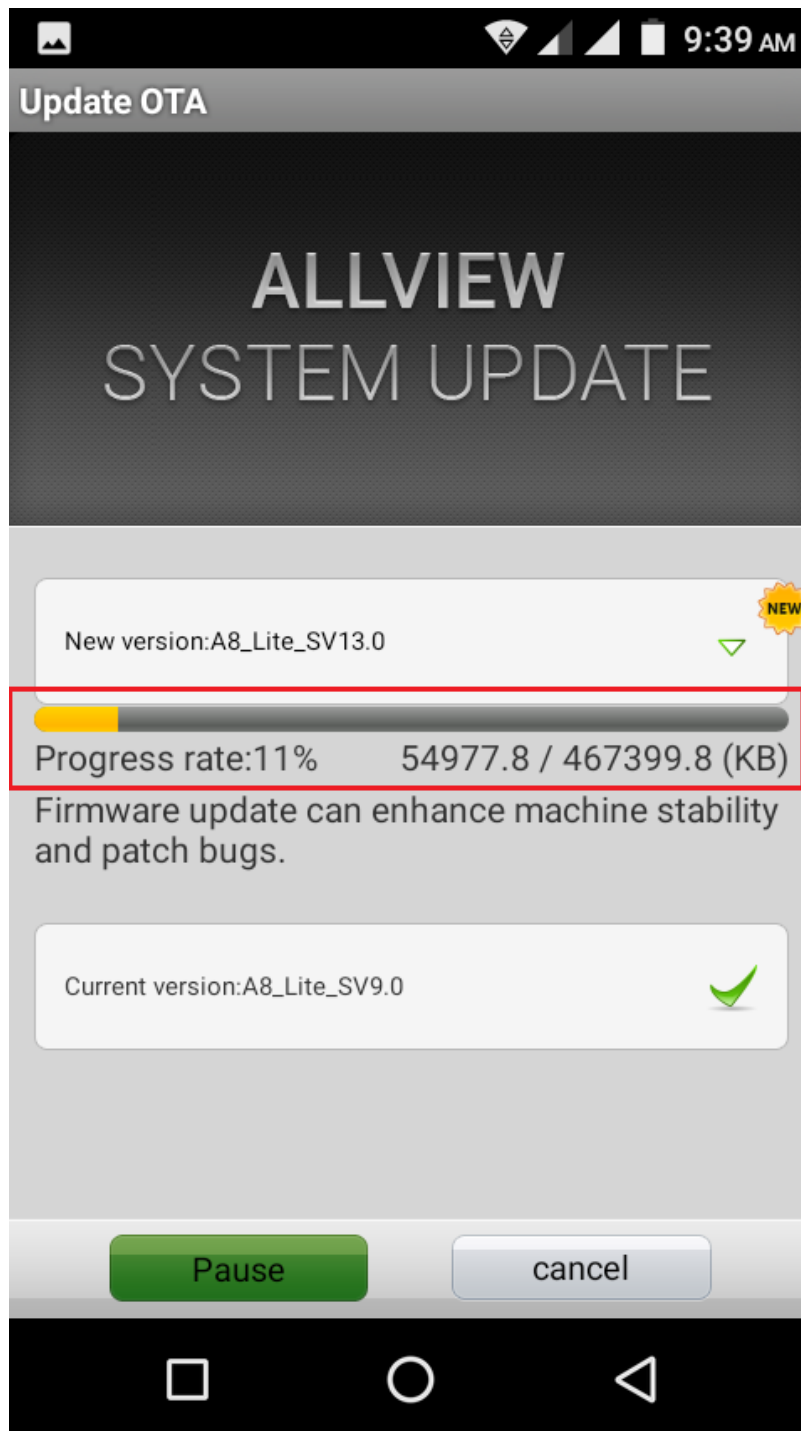

4. In “**System Update**” app check for new software version (**A8\_Lite\_SV13.0**). Click on **Download**:

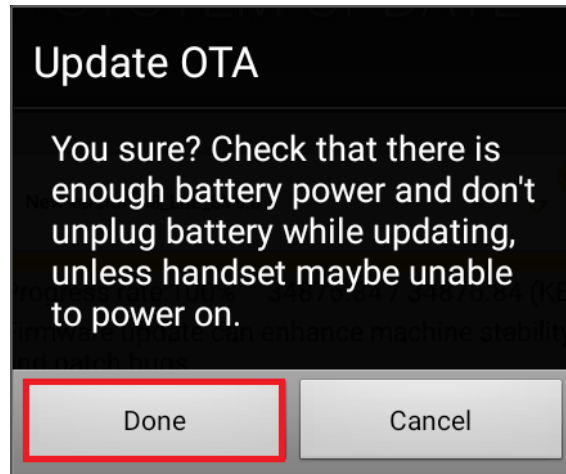

5. Please wait for the full software download in the phone's storage (micro SD card).

6. After the full software download, a message that will inform you about this update will be displayed on the phone's screen:

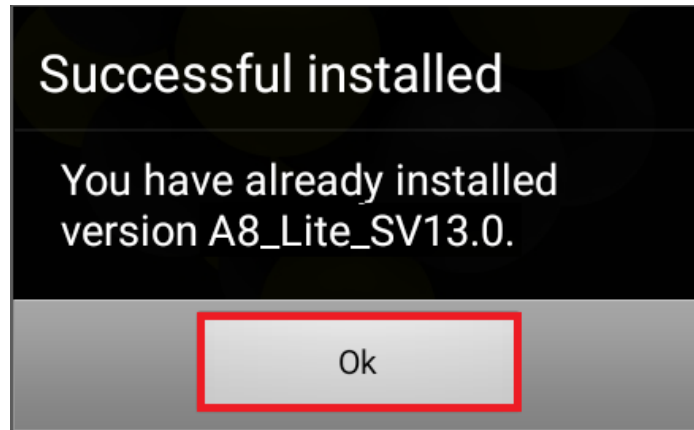

7. Select **Done**. The phone will reboot and the update procedure will automatically start.

8. After finishing the update process, the phone will reboot itself and on the phone screen will appear a window with the message below:

*The update file downloaded in the phone's storage (micro SD card) will be automatically deleted after the termination of the update process.*
